Project: Canadian County Courthouse – Bid Package 04

Bidders:

1. The undersigned, having carefully reviewed the plans, specification, addenda, and related documents as well as the on-site field conditions and being familiar with the availability of materials and labor, hereby proposes to furnish all materials, equipment, and labor required to provide all work called for by said documents for the following bid package:

Trade Bid Package # _____ Description _____

2. For bids more than \$50,000 a cashier's check, certified check, or surety bond in the amount of five percent (5%) of the bid shall accompany the sealed proposal of each bidder. After the scheduled closing time for bids for a period of sixty (60) days no bids may be withdrawn.
3. Bidder acknowledges that in submitting this bid the Owner reserves the right to reject any and all bids. It is also agreed to that bid may not be withdrawn for a period of sixty (60) days after the date of bid opening. Work is to start within ten (10) days after receipt of Notice to Proceed.
4. Bidder acknowledges that bid does not include substitutions unless protocols outlined in specifications are followed and approved prior to the time of bid. After time of bid, substitutions will no longer be considered.
5. Bidder acknowledges that, if accepted by the Owner, this bid form and corresponding bid package becomes a part of the Contract Documents.
6. Bidder has included executed copies of CONTRACT ATTACHMENTS A, B, C, D, E, F & G.
7. Bidder acknowledges receipt of addenda numbers 1-9 and Clarification numbers _____, issued during the time of bidding and has included changes therein into bid.

Contract Attachment A: NON-COLLUSION AFFIDAVIT

The following Affidavit is submitted by the Bidder, or Bidder's Authorized Agent: The undersigned of lawful age, being first duly sworn on oath, affirms and says:

1. The undersigned is the Bidder or the duly authorized agent of the Bidder submitting this competitive bid and has the lawful authority to execute this Affidavit and the attached Bid. For the purposes of certifying the facts pertaining to the existence of collusion among bidders and between bidders and Owner's officials or employees, as well as facts pertaining to the giving or offering of things of value to government personnel in return for special consideration in the letting of any contract pursuant to the Bid to which this statement is attached:
2. The undersigned is fully aware of the facts and circumstances surrounding the making of the Bid to which this statement is attached and has been personally and directly involved in the proceedings leading to the submission of such Bid; and
3. Neither the Bidder nor anyone subject to the Bidder's direction or control has been a party:
 - a. to any collusion among bidders in restraint of freedom of competition by agreement to bid at a fixed price or to refrain from bidding;
 - b. to any collusion with any official, agent or employee as to quantity, quality or price in the prospective contract, or as to any other terms of such prospective contract;

Bid Affidavits

- c. nor in any discussion between bidders and any official, agent, or employee concerning exchange of money or other thing of value for special consideration in letting of a contract.
- 4. The undersigned certifies, if awarded this contract neither the Bidder nor anyone subject to Bidder's direction or control has paid, given, or donated or agreed to pay, give or donate to any officer or employee of Canadian County any money or other thing of value, either directly or indirectly, in procuring this contract.

(contractor or supplier)

(signature)

Contract Attachment B: BUSINESS RELATIONSHIP AFFIDAVIT

The following Affidavit is submitted by the Bidder, or Bidder's Authorized Agent: The undersigned of lawful age, being first duly sworn on oath, affirms and says:

A. I further certify that the nature of any partnership, joint venture or other business relationships presently in effect or which existed within one (1) year prior to the date of this statement with the Architect, Engineer, or other party of the project is:

(If none, so state; use additional sheet if necessary.)

B. That any such business relationship presently in effect or which existed within one (1) year prior to the date of this statement between any officer or director of the bidding company and any officer or director of the Architectural or Engineering firm or other party to the project is:

(If none, so state; use additional sheet if necessary.)

C. And that the names of all persons having any such business relationships and the positions they hold with their respective companies or firms are:

(If none of the business relationships herein above mentioned exist, then a statement to that effect. Use additional sheet if necessary.)

(contractor or supplier)

(signature)

Bid Affidavits

If applicable, Trade Contractor shall prepare, submit, and maintain a HAZCOM Program specific to the project, including identifying who will be the designated competent safety person on the job site.

This bid will not be considered unless this form has been fully completed and signed and certified by the Bidder.

Name of Individual, Partnership, Limited Liability Company, or Corporation hereinafter called Bidder

Signature of Bidder or Bidder's Authorized Agent

Type or print name and title of person who signed above.

Contract Attachment E: PROJECT MANAGEMENT AFFIDAVIT

_____ (contractor) hereby certifies that they agree to the following project management requirements:

1. Provide a Qualified Foreman - Subcontractor will assign full time **Responsible Person in Charge** (RPIC) with a minimum 5 years' experience to manage subcontractors crew(s) while on site. The responsible person in charge will have the authority to execute sub-contractors scope of work, order materials, answer questions, schedule work and secure workers. The RPIC will attend the project meeting every week as scheduled and at least one week prior to mobilizing on site. The RPIC will attend daily coordination and safety huddles (10-15 Minutes).
2. Provide Appropriate Crew Size – As qualified subcontractor on this project we understand the scope of work in the documents and the project size may require multiple crews working in several areas at the same time. We have the resources and intent to staff the job appropriately to keep up with the flow of work in all areas made ready by preceding subcontractors.
3. Good Housekeeping – Subcontractor will maintain a safe work site which starts with a clean work site. Contracts and good construction practice require that subcontractor's crews clean work areas at the end of each day. Poor housekeeping is unsafe for others, costs time in lost production and will not be tolerated. Housekeeping is in the documents, in the contracts and in the bid.

(contractor or supplier)

(signature)

Bid Affidavits

Contract Attachment F: CONTRACT DRAWING, SPECIFICATIONS, REPORTS PACKAGE AFFIDAVIT

I hereby attest by signature that I have read and understand the drawing, specifications, project manual, and reports listed below. I also understand that they may be modified and updated at any time throughout the duration of the project, but not without notice to the selected bidders.

Bid Affidavits

Contract Attachment G: Hazard Notification

Construction Manager acknowledges the following hazards for this project:

1. There are no known lead hazards.
2. Silica is present in masonry products such as brick, concrete, Sheetrock, block and all masonry work.

The following Affidavit is submitted by the Bidder, or Bidder's Authorized Agent: The undersigned of lawful age, being first duly sworn on oath, affirms and says:

1. Regarding silica, it is the Trade Contractors responsibility to abide by rules and regulations in CFR 1926 & CFR 1910 (This is the official notification of hazard present).
2. This is a notification of conditions that cannot be detected such as, in walls, under windows, door jambs, between walls, or any other area that requires demo to get to. There can possibly be hazards in those locations that were not detected. It is the Trade Contractors responsibility to take proper safety precautions.
3. The undersigned agrees that they have received notification of the above hazards and agrees to comply with the rules and regulations listed above throughout the construction of this project.

Bid Envelope Content Checklist

*Bid Package: _____

*Subcontractor: _____

1. **Bid Form** – signed & notarized

- Subcontractor signature
- Acknowledged Addendums and RFI's

2. **Affidavits to be Included** – signed & notarized

- A. Non-collusion Affidavit
- B. Business Relationship Affidavit
- C. Felony & Sex Offenders Affidavit
- D. Safety Policy Affidavit
- E. Project Management Affidavit
- F. Contract Drawing, Specifications, Reports Package Affidavit
- G. Hazard Notification

3. **Bid Guarantee** – (**5% ≥ \$50,000**)

YES / NO Submit one of the following:

(Please check which was provided)

- Bid Bond issued by a surety licensed to conduct business in the state of Oklahoma.
- Certified Check
- In lieu of payment, performance and warranty bonds, bidders may use an Irrevocable Letter of Credit from a Federal or Oklahoma financial institution.

4. **W-9 Form**, completed.

YES / NO

5. **Microsoft Teams Bid Opening** – In person bid opening viewing will not be offered at this time. Join via Teams Link below.

Microsoft Teams [Need help?](#)

[Join the meeting now](#)

Meeting ID: 241 721 472 053 28

Passcode: sR7pZ9Mn

****NOTE:** Each bid must be accompanied by a 5% bid guarantee for the combined amount of Base Bid and all Alternates that total \$50,000.00 or more. (No bid guarantee required if the total of the Base Bid and Alternates combined is less than \$50,000.00)**

El Reno, OK 73036

Building Information Modeling (BIM) Protocol

Lingo BIM Requirements

Section 1. The Goals and Use of BIM

- a. Utilize 3D coordinated models to generate installation / fabrication drawings for the field.
- b. Minimize field conflicts through BIM coordination and clash detection.
- c. Increase prefabrication & field productivity.
- d. Forecast construction sequence & phasing plans.
- e. Track construction progress.
- f. Communicate models to the entire team in the field.
- g. Maintain up to date design changes into models during construction.
- h. Deliver coordinated component and federated models to owner at the end of the project.

Section 2. Trades adhering to BIM requirements

- | | |
|----------------------|---------------------|
| a. Mechanical Duct | e. Fire Protection |
| b. Mechanical Piping | f. Structural steel |
| c. Electrical | |
| d. Plumbing | |

Section 3. Level of Development (LOD)

- a. Minimum Level of Development (LOD) 350 as described in the Associated General Contractors (AGC) LOD Specification [<https://bimforum.org/loa/>]. Trades will model all access zones, clearances, maintenance zones, as well as all supports and hangers. All model elements will represent their spatial volumes as actual size. Preferably an exact representation from the manufacturer's specific modeling libraries.
- b. The trades will use the rule of thumb that whatever they install or manage, they will draw and coordinate into the model. If a trade removes an existing portion of the building they will model the existing and new work for accurate coordination.
- c. Trades that do not model at the required LOD will be subject to moving their scope of work as needed for resolution in the field. If trades that do not coordinate their entire scope of work in the BIM cause another trade to perform rework in the field they will be held liable for the associated cost of the rework.
- d. Space Constraints are areas needed for maintenance, installation or access. These zones need to be modeled as separate items that can be isolated by the BIM manager during clash detection. They should contain a material or layer with the word *clearance* in them.

Example of a VAV box and its access zone.

Example of an Electrical panel and its clearance zone.

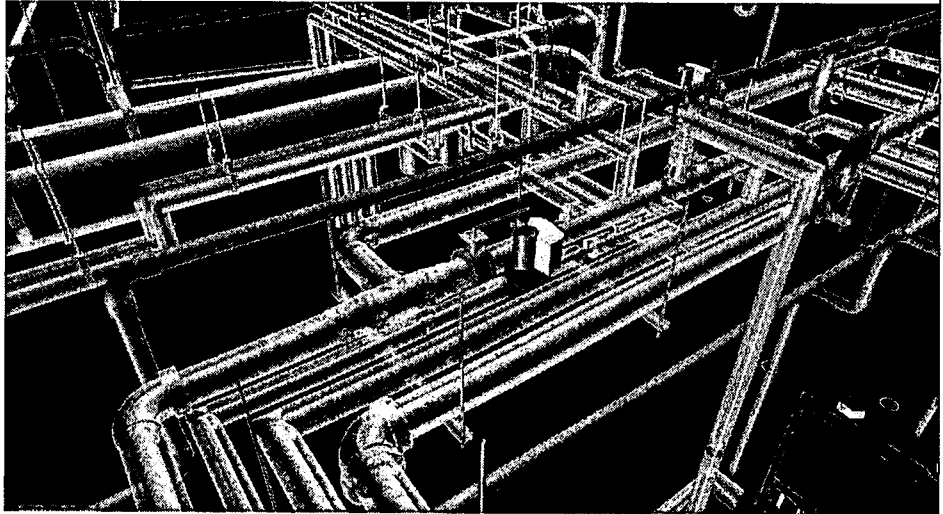

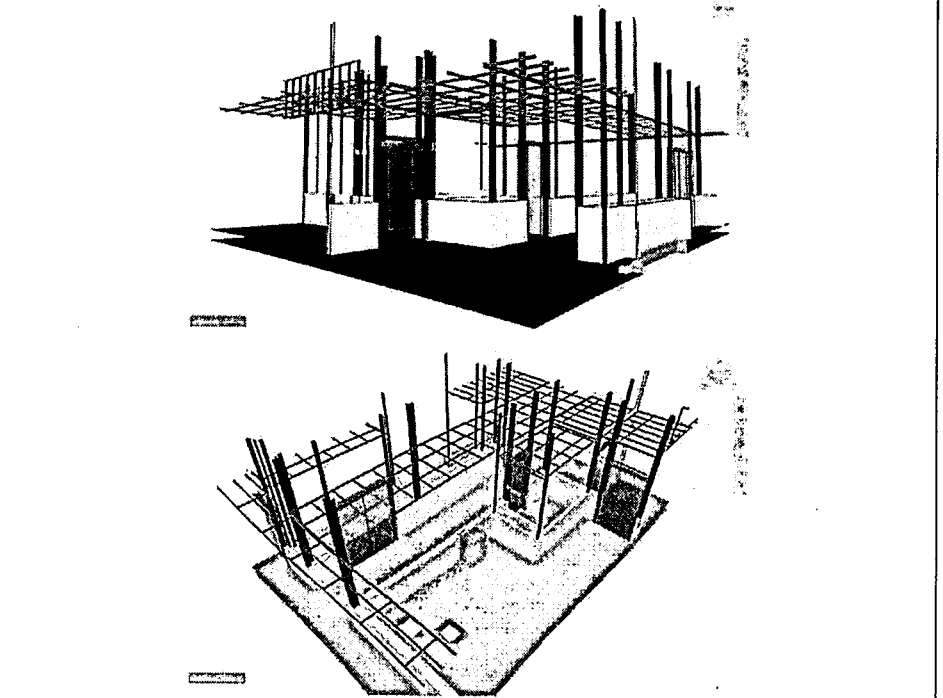

Level of Development [LOD]

Section 4. Trade Contractor BIM Roles and Responsibilities

- a. Model coordination will ultimately be governed by the printed contract documents. Trade contractors are responsible for their scope of work shown in the contract documents. Models must be verified back to the contract documents to be sure the contract scope is being installed and coordinated per design.
- b. Trades are required to actively participate, take notes, and red line their printed shop drawings during meetings. It is suggested that trades run Navisworks Freedom on their laptops during a coordination meeting and toggle back to their drafting programs in order to make changes on their BIM models during the meetings as time allows.
- c. All trades are expected to coordinate their own scope of work prior to uploading their model to Lingo. Lingo is not responsible for running clash detection within each trade's scope of work.
- d. It is each trades responsibility to coordinate their scope with other trades. Lingo will assist by running clash detection and leading coordination; however, Lingo is just a facilitator and cannot be held responsible for undetected or unsolved clashes. Lingo's BIM coordinator will review groups of clashes found with the team. Collectively, the trade contractors must give direction to the Lingo BIM coordinator on how they will resolve a clash.
- e. Trades will commit to make the agreed to changes documented in the federated model during or between coordination meetings.
- f. Produce Layout Drawings: Sleeve, core drill, block-out, & embedded items in concrete are required on layout drawings
- g. Core drilling is not permitted without prior written approval from the structural engineer. RFI's are required for all core drilling.
- h. Combined Coordination Layout Drawings: *Color coordination drawings showing all trades. Each trade will work with Lingo's BIM coordinator to assemble the drawings into submittals(s) for the teams use.*

Section 5. Trade Personnel required throughout BIM coordination process

- a. The BIM Kick-off meeting: Immediately following subcontractor buyout, Lingo will require each designated trade's BIM Coordinator and Project Manager or Job Foreman/Superintendent attend the BIM kickoff meeting.
- b. BIM Coordinators: Will attend every scheduled BIM meeting. They must be empowered to make coordination changes on the fly (additional personnel may be required if BIM coordinator cannot make decisions). They are expected to understand the owner's requirements, the design, and their contract scope enough to recognize when cost implications effect the coordination. Cost implications must be brought to Lingo's attention in writing. They must understand the governing building code requirements as trades will be responsible for meeting code no matter what direction is given during a coordination meeting.
- c. Project Manager / Job Foreman / Superintendent: Will be asked to attend the BIM kickoff meeting and two BIM coordination meetings. Attendance to additional meetings will be required as necessary to resolve areas of greater concern.

Section 6. BIM Coordination Process

Disclaimer: This is a guideline for coordination and should only be used as such. Each trade should take into account its own historical data to create, coordinate and maintain models, produce shop drawings. Allow time to coordinate both inside and outside of the BIM meetings.

- a. Historically if a team “collaborates,” coordination of a project will take on average 4 to 4.5 weeks per unique floor after the initial model drafts of each floor are completed.

“Collaboration Means”

1. Staying engaged in coordination meetings
 2. Looking ahead in order to give quick constructive solutions to the clashes
 3. Being flexible
 5. No stonewalling
 6. Take ownership of recording the specific directions made by the team to the make agreed adjustments to the native models.
- b. The primary BIM coordination meetings will be conducted once a week and as needed up to two PCHS a week to meet the construction schedule (meetings will last up to 1 ½ hours).
 - c. Weekly uploads are required by every trade before each meeting at a specified day and time. Trades will notify all other trade BIM coordinators via email that a new model has been uploaded to Lingo’s server. It is recommended that uploads be made daily as the model is updated.
 - d. Regardless of the schedule clashes will not be left unresolved. Trades must commit to resolution of clashes. Clashes to be fixed in the field will be approved and documented in the model as such by Lingo.
 - e. Trades will comply with Lingo’s construction and BIM schedule. Clashes requiring design team or owner input may take longer to resolve but the team will continue to coordinate in other areas that correlate to the CPM schedule as not to delay the project or BIM process.
 - f. After completion of the primary coordination process all changes will continue to be updated in trade models monthly. Up to and including final as-built conditions.

Section 7. Trade BIM Non-Compliance:

1st time- Lingo will issue a letter of non-compliance and stating the reason for non-compliance. 2nd time- Lingo may withhold a portion of the month’s payment.

3rd time- Lingo may use withheld payment to pay another source to complete BIM for that trade.

Examples of Non-Compliance:

- a. Not uploading on time.
- b. Not resolving identified clashes each week. Trades who do not resolve clashes each week so the whole team down and restrict further forward progress to completing the coordination.
- c. Not coordinating by not linking in all models available to avoid clashes with other trades. Content modeled in obvious conflict with another trade is considered failing to coordinate.
- d. Not constructively involved in BIM coordination meetings.

Section 8. Lingo BIM Manager & Project BIM Coordinator Roles and Responsibilities

- a. Responsible for verifying that all electronic documents on the shared workspace from the Design Team are current.
- b. Assembles component models and facilitates the use of the Federated Model for coordination meetings. The federated model will contain clash reports and annotated views for assisting with clash resolution.
- c. Facilitates BIM coordination meetings with Trade BIM Coordinators.
- d. Coordinates construction sequencing and scheduling activities with the project team and assures they are integrated with the Federated BIM.

Section 9. Example of BIM Meeting Times and Location:

- a. Upload for BIM Meeting- Wednesday, close of business
- b. Weekly BIM coordination meeting- Thursday, 8:00am
- c. Location: Primarily via GoTo Meeting. In person meetings are limited. Historically only needed when GoTo Meeting participation and resolution becomes ineffective. In that case meetings will be held at the job site as requested by Lingo.
- d. Remote access available- GoTo Meeting will be available for all BIM team members. Invites will be sent out with a link for access to the webcast. Team members should download the software a day before the meeting to avoid delays logging into the meeting for the first time.

Section 10. BIM Coordination Meeting Milestones:

Task	
BIM KICKOFF MEETING	TBD
UG Coordination Complete	TBD
Level 1 Overhead Coordination Complete	TBD
Level 2 Overhead Coordination Complete	TBD
Level 3 Overhead Coordination Complete	TBD
Level 4 Overhead Coordination Complete	TBD
Mechanical Roof Coordination Complete	TBD

- 1. Lingo will review the pour schedule and submittal log at every meeting to ensure we are meeting milestones and avoid any delays.

2. The primary reasons for going over the approximation of time for any project is generally largely due to a lack of clash resolution in between each week's BIM Coordination meetings. Looking at the same clashes left over from the week prior greatly jeopardizes the entire team's ability to stay on time. None the less all subs must continue dedicating time to coordination until clashes are resolved. A team who self-polices and holds each other accountable will help keep us all on track.

Section 11. File Sharing & Communication:

- a. File Sharing
 3. Trades will upload weekly model updates to:
DropBox Folder per Integrated Design
 4. All participants are required to use the correct origin, and follow Lingo's naming convention prior to uploading their model. Models and drawings shall be uploaded with the same name each time.
 5. As updates are made, trades are required to download all other trade models and must reference them into their native models to avoid clashes with each other.
 6. Trades will use Integrated Design's DropBox Share Folder.

- b. Communication
 - 1. Immediately upon uploading a model it is the trade’s responsibility to notify the entire BIM team via group email describing what was uploaded.
 - 2. When necessary trades should communicate and conduct additional coordination with each other by phone, meetings or webcasts outside the regularly scheduled coordination meetings in order to “Avoid” clashes with each other.
- c. **Navisworks Manage 2018** is the version Lingo will be using for coordination (depending on teams software availability).
- d. **NWC, NWD & or DWG** are the required formats needed from each of the trades for weekly models updates. Depending on each participants native software exported formats may be needed by rest of the team. File formats will be determined at the BIM kick-off meeting.
- e. At the end of the project All “Native” models created in their original software will be required to be shared with Lingo.

Section 12. Folder and File Structure

- a. **BIM** Models created or modified by Lingo to aid in the coordination process.
- b. **File Naming Convention** *Project_Company_Trade_LVL*

Section 13. Modeling Best Practices

- a. Create separate elements for Clearances, Access Zones and Insulation.
- b. Purge model files before submitting.
- c. Cleanup drawings and remove extra imports and items drawn off to the sides.
- d. Subcontractors using Revit
 - 1. Each model should contain a 3D view called *Navisworks*.
 - 1. All model categories should be turned on and the detail level set to fine.
 - 2. All annotations, links, imports, and analytical models should be turned off.
 - 2. Family or object names must be the same designation as shown on the CD's (for example AHU-1).
 - 3. Create separate elements for Clearances, Access Zones and Insulation.
 - 1. All clearances should contain a material or subcategory containing the word *clearance*.
- e. Subcontractors using AutoCAD
 - a. Models will be in 3d DWG format with solid volumetric properties assigned to them.
 - 1. Wire frame objects are not acceptable.
 - b. Layers or object names must represent the same designation as the CD's.
 - c. Remove all layers that are not needed.
 - d. All layers are thawed.
 - e. Keep text and line work on different layers from 3D components
 - f. Use separate layers for space constraints, clearances and work zones.
 - g. Detach Xref's from drawings
 - h. Do not draw on the "0" layer or "Defpoints" layer

Section 14. Robotic Layout Strongly Suggested

- a. A robotic construction layout system using points derived from the models can achieve quicker installation, minimize man power, maximize accuracy and create a safer working environment. Installed or existing work can be spot checked by shooting points and importing the data back into the models for checks and balances of accuracy and quality control.

REQUEST FOR BONDS

Please let this letter serve as official notice that a Bid Bond is to be submitted in accordance with Title 61 requirements. Bid Bond must be completed as noted below and submitted to our office with the Sealed Bid.

Project: Canadian County Courthouse
201 North Choctaw Avenue
El Reno, OK 73036

Project Owner: Canadian County Public Facilities Authority
201 North Choctaw Avenue
El Reno, OK 73036

Contractor: Lingo Construction Services
1135 N. Robinson Ave
Oklahoma City, OK 73103

A Bid Bond is required to be made out to the **Owner in the amount of bid value and must include an obligee listing Lingo Construction Services.**

Standard forms from your bonding company are sufficient if the requirements noted above can be met unless otherwise specified by the Owner or Lingo Construction Services.

All bonds must be submitted to Lingo Construction Services office located at 1135 N. Robinson Ave, OKC, OK 73103. No electronic bonds will be accepted.

Thank you,
Lingo Construction Services

Instructions To Bidders

TABLE OF ARTICLES

- 1 DEFINITIONS**
- 2 BIDDER'S REPRESENTATIONS**
- 3 BIDDING DOCUMENTS**
- 4 BIDDING PROCEDURES**
- 5 CONSIDERATION OF BIDS**
- 6 POST-BID INFORMATION**
- 7 PERFORMANCE BOND AND PAYMENT BOND**
- 8 FORM OF AGREEMENT BETWEEN OWNER AND CONTRACTOR**
- 9 SALES TAX**

ARTICLE 1 DEFINITIONS

§ 1.1 Bidding Documents include the Bidding Requirements and the proposed Contract Documents. The Bidding Requirements consist of the Advertisement or Invitation to Bid, Instructions to Bidders, Supplementary Instructions to Bidders, the bid form, and other sample bidding and contract forms. The proposed Contract Documents consist of the form of Agreement between the Owner and Contractor, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications and all Addenda issued prior to execution of the Contract.

§ 1.2 Definitions set forth in the General Conditions of the Contract for Construction, AIA Document A201, or in other Contract Documents are applicable to the Bidding Documents.

§ 1.3 Addenda are written, or graphic instruments issued by the Architect prior to the execution of the Contract which modify or interpret the Bidding Documents by additions, deletions, clarifications or corrections.

§ 1.4 A Bid is a complete and properly executed proposal to do the Work for the sums stipulated therein, submitted in accordance with the Bidding Documents.

§ 1.5 The Base Bid is the sum stated in the Bid for which the Bidder offers to perform the Work described in the Bidding Documents as the base, to which Work may be added or from which Work may be deleted for sums stated in Alternate Bids.

§ 1.6 An Alternate Bid (or Alternate) is an amount stated in the Bid to be added to or deducted from the amount of the Base Bid if the corresponding change in the Work, as described in the Bidding Documents, is accepted.

Section 00 3000 Instructions To Bidders

§ 1.7 A Unit Price is an amount stated in the Bid as a price per unit of measurement for materials, equipment or services or a portion of the Work as described in the Bidding Documents.

§ 1.8 A Bidder is a person or entity who submits a Bid and who meets the requirements set forth in the Bidding Documents.

§ 1.9 A Sub-bidder is a person or entity who submits a bid to a Bidder for materials, equipment or labor for a portion of the Work.

ARTICLE 2 BIDDER'S REPRESENTATIONS

§ 2.1 The Bidder by making a Bid represents that:

§ 2.1.1 The Bidder has read and understands the Bidding Documents or Contract Documents, to the extent that such documentation relates to the Work for which the Bid is submitted, and for other portions of the Project, if any, being bid concurrently or presently under construction.

§ 2.1.2 The Bid is made in compliance with the Bidding Documents.

§ 2.1.3 The Bidder has visited the site, become familiar with local conditions under which the Work is to be performed and has correlated the Bidder's personal observations with the requirements of the proposed Contract Documents.

§ 2.1.4 The Bid is based upon the materials, equipment and systems required by the Bidding Documents without exception.

ARTICLE 3 BIDDING DOCUMENTS

§ 3.1 COPIES

§ 3.1.1 Bidders may obtain complete sets of the Bidding Documents from the issuing office designated in the Advertisement or Invitation to Bid.

§ 3.1.2 Bidding Documents will not be issued directly to Sub-bidders unless specifically offered in the Advertisement or Invitation to Bid, or in supplementary instructions to bidders.

§ 3.1.3 Bidders shall use complete sets of Bidding Documents in preparing Bids; neither the Owner nor Architect assumes responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bidding Documents.

§ 3.1.4 The Owner and Architect may make copies of the Bidding Documents available on the above terms for the purpose of obtaining Bids on the Work. No license or grant of use is conferred by issuance of copies of the Bidding Documents.

§ 3.2 INTERPRETATION OR CORRECTION OF BIDDING DOCUMENTS

§ 3.2.1 The Bidder shall carefully study and compare the Bidding Documents with each other, and with other work being bid concurrently or presently under construction to the extent that it relates to the Work for which the Bid is submitted, shall examine the site and local conditions, and shall at once report to the Architect errors, inconsistencies or ambiguities discovered.

Section 00 3000 Instructions To Bidders

§ 3.2.2 Bidders and Sub-bidders requiring clarification or interpretation of the Bidding Documents shall make a written request which shall reach the Architect at least seven days prior to the date for receipt of Bids.

§ 3.2.3 Interpretations, corrections and changes of the Bidding Documents will be made by Addendum. Interpretations, corrections and changes of the Bidding Documents made in any other manner will not be binding, and Bidders shall not rely upon them.

§ 3.3 SUBSTITUTIONS

§ 3.3.1 The materials, products and equipment described in the Bidding Documents establish a standard of required function, dimension, appearance and quality to be met by any proposed substitution.

§ 3.3.2 No substitution will be considered prior to receipt of Bids unless written request for approval has been received by the Architect at least ten days prior to the date for receipt of Bids. **Do not send substitution requests directly to the Architect. Substitution requests to be submitted to CM for processing.** Such requests shall include the name of the material or equipment for which it is to be substituted and a complete description of the proposed substitution including drawings, performance and test data, and other information necessary for an evaluation. A statement setting forth changes in other materials, equipment or other portions of the Work, including changes in the work of other contracts that incorporation of the proposed substitution would require, shall be included. The burden of proof of the merit of the proposed substitution is upon the proposer. The Architect's decision of approval or disapproval of a proposed substitution shall be final.

§ 3.3.3 If the Architect approves a proposed substitution prior to receipt of Bids, such approval will be set forth in an Addendum. Bidders shall not rely upon approvals made in any other manner.

§ 3.3.4 No substitutions will be considered after the Contract award unless specifically provided for in the Contract Documents.

§ 3.4 ADDENDA

§ 3.4.1 Addenda will be transmitted to all who are known by the issuing office to have received a complete set of Bidding Documents.

§ 3.4.2 Copies of Addenda will be made available for inspection wherever Bidding Documents are on file for that purpose.

§ 3.4.3 Addenda will be issued no later than three days prior to the date for receipt of Bids except an Addendum withdrawing the request for Bids or one which includes postponement of the date for receipt of Bids.

§ 3.4.4 Each Bidder shall ascertain prior to submitting a Bid that the Bidder has received all Addenda issued, and the Bidder shall acknowledge their receipt in the Bid.

ARTICLE 4 BIDDING PROCEDURES

§ 4.1 PREPARATION OF BIDS

§ 4.1.1 Bids shall be submitted on the forms included with the Bidding Documents.

Section 00 3000 Instructions To Bidders

§ 4.1.2 All blanks on the bid form shall be legibly executed in a non-erasable medium.

§ 4.1.3 Sums shall be expressed in both words and figures. In case of discrepancy, the amount written in words shall govern.

§ 4.1.4 Interlineations, alterations and erasures must be initialed by the signer of the Bid.

§ 4.1.5 All requested Alternates shall be bid. If no change in the Base Bid is required, enter "No Change."

§ 4.1.6 Where two or more Bids for designated portions of the Work have been requested, the Bidder may, without forfeiture of the bid security, state the Bidder's refusal to accept award of less than the combination of Bids stipulated by the Bidder. The Bidder shall make no additional stipulations on the bid form nor qualify the Bid in any other manner.

§ 4.1.7 Each copy of the Bid shall state the legal name of the Bidder and the nature of legal form of the Bidder. The Bidder shall provide evidence of legal authority to perform within the jurisdiction of the Work. Each copy shall be signed by the person or persons legally authorized to bind the Bidder to a contract. A Bid by a corporation shall further give the state of incorporation and have the corporate seal affixed. A Bid submitted by an agent shall have a current power of attorney attached certifying the agent's authority to bind the Bidder.

§ 4.2 BID SECURITY

§ 4.2.1 Each Bid shall be accompanied by a bid security in the form and amount required if so stipulated in the Instructions to Bidders. The Bidder pledges to enter into a Contract with the Owner on the terms stated in the Bid and will, if required, furnish bonds covering the faithful performance of the Contract and payment of all obligations arising thereunder. Should the Bidder refuse to enter into such Contract or fail to furnish such bonds if required, the amount of the bid security shall be forfeited to the Owner as liquidated damages, not as a penalty. The amount of the bid security shall not be forfeited to the Owner in the event the Owner fails to comply with Section 6.2.

§ 4.2.2 If a surety bond is required, it shall be written on AIA Document A310, Bid Bond, unless otherwise provided in the Bidding Documents, and the attorney-in-fact who executes the bond on behalf of the surety shall affix to the bond a certified and current copy of the power of attorney.

§ 4.2.3 The Owner will have the right to retain the bid security of Bidders to whom an award is being considered until either (a) the Contract has been executed and bonds, if required, have been furnished, or (b) the specified time has elapsed so that Bids may be withdrawn or (c) all Bids have been rejected.

§ 4.3 SUBMISSION OF BIDS

§ 4.3.1 All copies of the Bid, the bid security, if any, and any other documents required to be submitted with the Bid shall be enclosed in a sealed opaque envelope. The envelope shall be addressed to the party receiving the Bids and shall be identified with the Project name, the Bidder's name and address and, if applicable, the designated portion of the Work for which the Bid is submitted.

§ 4.3.2 Bids shall be deposited at the designated location prior to the time and date for receipt of Bids. Bids received after the time and date for receipt of Bids will be returned unopened.

Section 00 3000 Instructions To Bidders

§ 4.3.3 The Bidder shall assume full responsibility for timely delivery at the location designated for receipt of Bids.

§ 4.3.4 Oral, telephonic, telegraphic, facsimile or other electronically transmitted bids will not be considered.

§ 4.3.5 Do not add, omit, delete, or modify from the scope of work listed in the bid packages. Doing so may result in the Owner setting the bid aside.

§ 4.4 MODIFICATION OR WITHDRAWAL OF BID

§ 4.4.1 A Bid may not be modified, withdrawn or canceled by the Bidder during the sixty (60) day period following the time and date designated for the receipt of Bids, and each Bidder so agrees in submitting a Bid.

§ 4.4.2 Prior to the time and date designated for receipt of Bids, a Bid submitted may be modified or withdrawn by notice to the party receiving Bids at the place designated for receipt of Bids. Such notice shall be in writing over the signature of the Bidder. Written confirmation over the signature of the Bidder shall be received, and date- and time-stamped by the receiving party on or before the date and time set for receipt of Bids. A change shall be so worded as not to reveal the amount of the original Bid.

§ 4.4.3 Withdrawn Bids may be resubmitted up to the date and time designated for the receipt of Bids provided that they are then fully in conformance with these Instructions to Bidders.

§ 4.4.4 Bid security, if required, shall be in an amount sufficient for the Bid as resubmitted.

ARTICLE 5 CONSIDERATION OF BIDS

§ 5.1 OPENING OF BIDS

If stipulated in the Advertisement or Invitation to Bid, the properly identified Bids received on time will be publicly opened and will be read aloud. An abstract of the Bids may be made available to Bidders.

§ 5.2 REJECTION OF BIDS

The Owner shall have the right to reject any or all Bids. A Bid not accompanied by a required bid security or by other data required by the Bidding Documents, or a Bid which is in any way incomplete or irregular is subject to rejection.

§ 5.3 ACCEPTANCE OF BID (AWARD)

§ 5.3.1 It is the intent of the Owner to award a Contract to the lowest qualified Bidder provided the Bid has been submitted in accordance with the requirements of the Bidding Documents and does not exceed the funds available. The Owner shall have the right to waive informalities and irregularities in a Bid received and to accept the Bid which, in the Owner's judgment, is in the Owner's own best interests.

§ 5.3.2 The Owner shall have the right to accept Alternates in any order or combination, unless otherwise specifically provided in the Bidding Documents, and to determine the low Bidder on the basis of the sum of the Base Bid and Alternates accepted.

Section 00 3000 Instructions To Bidders

ARTICLE 6 POST-BID INFORMATION

§ 6.1 CONTRACTOR'S QUALIFICATION STATEMENT

Bidders to whom award of a Contract is under consideration shall submit to the Construction Manager, upon request, a properly executed AIA Document A305, Contractor's Qualification Statement, unless such a Statement has been previously required and submitted as a prerequisite to the issuance of Bidding Documents. Bidders must demonstrate that they are financially capable of performing work, without disruption, until the first payment application is processed as well as in between payments.

§ 6.2 OWNER'S FINANCIAL CAPABILITY

The Owner shall, at the request of the Bidder to whom award of a Contract is under consideration and no later than seven days prior to the expiration of the time for withdrawal of Bids, furnish to the Bidder reasonable evidence that financial arrangements have been made to fulfill the Owner's obligations under the Contract. Unless such reasonable evidence is furnished, the Bidder will not be required to execute the Agreement between the Owner and Contractor.

§ 6.3 SUBMITTALS

§ 6.3.1 The Bidder shall, as soon as practicable or as stipulated in the Bidding Documents, after notification of selection for the award of a Contract, furnish to the Owner through the Construction Manager in writing:

- .1 a designation of the Work to be performed with the Bidder's own forces;
- .2 names of the manufacturers, products, and the suppliers of principal items or systems of materials and equipment proposed for the Work; and
- .3 names of persons or entities (including those who are to furnish materials or equipment fabricated to a special design) proposed for the principal portions of the Work.

§ 6.3.2 The Bidder will be required to establish to the satisfaction of the Architect and Owner the reliability and responsibility of the persons or entities proposed to furnish and perform the Work described in the Bidding Documents.

§ 6.3.3 Prior to the execution of the Contract, the Construction Manager will notify the Bidder in writing if either the Owner or Architect or Construction Manager, after due investigation, has reasonable objection to a person or entity proposed by the Bidder. If the Owner or Architect has reasonable objection to a proposed person or entity, the Bidder may, at the Bidder's option, (1) withdraw the Bid or (2) submit an acceptable substitute person or entity with an adjustment in the Base Bid or Alternate Bid to cover the difference in cost occasioned by such substitution. The Owner may accept the adjusted bid price or disqualify the Bidder. In the event of either withdrawal or disqualification, bid security will not be forfeited.

§ 6.3.4 Persons and entities proposed by the Bidder and to whom the Owner and Architect and Construction Manager have made no reasonable objection must be used on the Work for which they were proposed and shall not be changed except with the written consent of the Owner and Architect.

ARTICLE 7 PERFORMANCE BOND AND PAYMENT BOND

§ 7.1 BOND REQUIREMENTS

§ 7.1.1 If stipulated in the Bidding Documents, the Bidder shall furnish bonds covering the faithful performance of the Contract and payment of all obligations arising thereunder. Bonds may be secured through the Bidder's usual sources.

Section 00 3000 Instructions To Bidders

§ 7.1.2 If the furnishing of such bonds is stipulated in the Bidding Documents, the cost shall be included in the Bid. If the furnishing of such bonds is required after receipt of bids and before execution of the Contract, the cost of such bonds shall be added to the Bid in determining the Contract Sum.

§ 7.1.3 If the Owner requires that bonds be secured from other than the Bidder's usual sources, changes in cost will be adjusted as provided in the Contract Documents.

§ 7.2 TIME OF DELIVERY AND FORM OF BONDS

§ 7.2.1 The Bidder shall deliver the required bonds to the Construction Manager not later than three days following the date of execution of the Contract. If the Work is to be commenced prior thereto in response to a letter of intent, the Bidder shall, prior to commencement of the Work, submit evidence satisfactory to the Owner that such bonds will be furnished and delivered in accordance with this Section 7.2.1.

§ 7.2.2 Unless otherwise provided, the bonds shall be written on AIA Document A312, Performance Bond and Payment Bond. Both bonds shall be written in the amount of the Contract Sum.

§ 7.2.3 The bonds shall be dated on or after the date of the Contract.

§ 7.2.4 The Bidder shall require the attorney-in-fact who executes the required bonds on behalf of the surety to affix thereto a certified and current copy of the power of attorney.

ARTICLE 8 FORM OF AGREEMENT BETWEEN TRADE CONTRACTOR AND CONSTRUCTION MANAGER

§ 8.1 Sample Subcontract Form

§ 8.1.1 Copy attached in section along with accompanying packet outlining payment application process as well as required documents for successful bidders.

ARTICLE 9 SALES TAX

§ 9.1 Sales Tax Exemption Notice

§ 9.1.1 The Owner will designate and appoint the Construction Manager and Trade Contractors involved in the construction of this project as agents for the County in connection with and solely for the purpose of purchasing materials and intangible property on which a sales tax would normally apply and to be used in the construction of this project, and to inform and instruct said agents of the proper procedure to follow in order to qualify said purchases for the exemptions of sales tax.

§ 9.1.2 A letter stating that they are a designated agent of the County will be issued.

§ 9.1.3 Although the materials and intangible property are being bought on behalf of the County, Trade Contractors shall remain responsible for handling, securing, protecting, and replacement cost should that be necessary. Furthermore, any insurance deductibles would remain the responsibility of the trade contractors.

End of Instructions to Bidders

Contract

1111116900

THIS AGREEMENT, made and entered into on the 23th day of April, 2021, by and between

LINGO CONSTRUCTION SERVICES, INC.
1135 N ROBINSON
OKLAHOMA CITY, OKLAHOMA 73103
(405) 602.2100

Hereinafter termed "Contractor", and

John Doe's Contracting
PO BOX 1508
DEL CITY, OKLAHOMA 73155

Hereinafter termed "Subcontractor."

The Subcontractor AGREES as follows:

1. **The Work.** The Subcontractor agrees to furnish all supervision, tools, material, labor, supplies, and equipment as an independent contractor to perform work required to complete the following. Subcontractor agrees to do no work on this project not covered by this contract for Owners or anyone else without first obtaining written permission from the Contractor.

a. **SYSTEM - \$4,996**

Scope of work per drawings and specifications dated: **See attached Exhibit A**

Base Bid*

\$22,454.00

****Twenty Two Thousand, Four hundred and 54/100 Dollars****

For the Project:

**Someplace in OKC
000 Main Street
Oklahoma City, Oklahoma 7310#**

Per the Contract

Drawings Prepared By:

**Architects
000 Broadway
Oklahoma City, Oklahoma 73###**

2. **Changes.** Extra Work or Changes under this contract will not be recognized or paid for unless agreed to in writing by Stan Lingo before work is started or changes are made. In the event of a change (additive or deductive) Subcontractor shall only be entitled to reasonable reimbursement for expenditures or savings and shall provide supporting data to justify the claim. Standard billing rates shall be used and overhead and fee

percentages shall include, but not be limited to, insurances, taxes, bonds, use of small tools, incidentals and office expenses.

Costs associated with repairing or correcting damaged or nonconforming Work executed by the Subcontractor, sub-subcontractors or suppliers caused by negligence or failure to fulfill a specific responsibility of the Subcontractor shall not be allowed and are the sole responsibility of the Subcontractor, sub-subcontractor and supplier.

Subcontractor shall be entitled to any extension of time only to the extent Contractor obtains an extension of time from the Owner, as it pertains to the Subcontractor's work and only if Subcontractor has properly notified Contractor of its claim for an extension.

- 3. Taxes, Fees, and Permits.** The contract price specified above is understood to include all applicable State Sales taxes, use taxes, excise taxes, transportation tax, unemployment compensation tax, old age benefits and social security taxes, and Subcontractor agrees to pay all of the above and to conform to all State and Federal laws in connection with such taxes. In addition, Subcontractor further agrees to withhold from all employees employed by Subcontractor, withholding taxes and to pay the same to the Collector of Internal Revenue in accordance with the Federal laws and regulations pertaining thereto. Subcontractor agrees that records related to such matters and confirmation of such payments shall be open to audit, review, and copying by Contractor.

Prior to beginning work, Subcontractor will provide a W-9 to be on file with Contractor.

Contractor will obtain the general building permit. Subcontractor shall obtain and pay for all other applicable permits, assessments, bonds, licenses, fee and certificates of inspection necessary to perform the work of this subcontract.

- 4. Drawings and Specifications.** All documents will be issued electronically. Subcontractor will keep all field drawings up to date, with but not limited to, all addendums, RFI's and ASI's. If Subcontractor discovers any errors, inconsistencies, conflicts, discrepancies, or omissions in the Contract Documents, Subcontractor will notify Contractor immediately.
- 5. Submittals, RFIs, and Mock-ups.** Subcontractor will provide reviewed samples, submittals, shop drawings, and certifications and warranties (per the project specific contract documents) within two (2) calendar weeks of receipt of contract or written notice to proceed for all materials to be provided, unless otherwise agreed to in writing. Submittals and RFIs will be submitted electronically when possible – electronic system information and links to be selected and provided by Contractor's PM.

Mock-ups may be required for finishes and/or building systems and Subcontractor agrees to cooperate in their development per the contract documents and project manager's direction.

- 6. Schedule and Schedule Coordination.**

General. Sequencing of the work in the field shall be at the Contractor's sole option. The Contractor shall have the right to decide the time, order and priority in which the various portions of the Work shall be performed. Contractor will seek and Subcontractor will provide input for master schedule.

The Subcontractor agrees and understands that the Subcontractor shall coordinate all of Subcontractor's work, as necessary, with all interrelated trades, as well as with other subcontractors involved with the project to ensure all Subcontractor's items of work included in this subcontract are completed in accordance with the Contract Documents and Project Schedule.

Subcontractor agrees to provide manpower and equipment necessary to comply with the project schedule and to provide additional crews, equipment, etc. and/or overtime, shift, and weekend work as required to maintain the schedule if the subcontractor falls behind due to its own fault or inclement weather. Subcontractor agrees that adequate on-site supervision shall be provided at any time Subcontractor's work is in progress.

Site Meetings. Contractor shall administer regularly scheduled meetings throughout the progress of the work for the purpose of coordinating and expediting the work. Subcontractor will designate a dedicated representative who is qualified and authorized to make decisions and follow-through with actions required.

7. **Site Coordination.** Site coordination and related matters (delivery locations, subcontractor parking, scheduling of deliveries, hoisting, lay down areas, temporary office needs, etc.) will be discussed at site meetings and are to be coordinated by the Contractor's onsite personnel. Deliveries for major equipment required 48 hours notification in advance of material deliveries. Subcontractor shall be responsible for unloading and hoisting all of its materials, supplies, tools and equipment.
8. **Safety.** The Subcontractor shall be responsible for compliance with all safety rules and regulations under the Occupational Safety and Health Act and other pertinent statutes and ordinances in connection with the work performed by the Subcontractor. Subcontractor will also abide by any site specific or hazardous material safety measures as requested and deemed necessary by Contractor's management and/or field supervision.

Subcontractor acknowledges that hazards may be present, including but not limited to: silica, lead based paint, and asbestos, and will communicate with Contractor to understand jobsite hazard conditions prior to starting work. Basic Personal Protective Equipment (PPE) including hard hats, safety glasses, and vests are required in accordance with site specific safety conditions.

Failure to comply with OSHA and site specific safety requirements may, after one (1) written warning, result in expulsion from the site by the Contractor's project manager or on-site supervisor.

If applicable, Subcontractor shall prepare, submit, and maintain a HAZCOM Program specific to the project, including identifying who will be the designated competent safety person on the job site.

9. **Payment.**

Terms. Pay applications are due by the 25th day of each month.

The following is required as prerequisite for payment:

- 1) **Pay App** - The Subcontractor shall submit a correct and itemized application for payment on "Lingo Invoicing Form" for work completed on site up to and including the last day of the month (Lingo Form is available digitally from Project Manager).
- 2) **Current W-9** – must be on file with Contractor.

The following *may* also be required as a prerequisite for payment:

- 3) **Evidence** – Along with the Lingo Invoicing Form, Subcontractor shall submit a schedule of values for the entire subcontract with each pay application. Additional information may also be required to substantiate invoicing or to comply with requirements for any Incentives being sought by Owner.
- 4) **Lien Waivers** - Subcontractor shall provide, in a form satisfactory to the Owner and Contractor, partial lien or claim waivers and affidavits from the Subcontractor and/or its subcontractors and suppliers for the completed Subcontractor's work being invoiced for. Lien waiver may be made conditional upon payment (standard lien waiver forms are available from Project Manager).

Given that a correct pay application is submitted by the 25th and meets the above prerequisites, progress payments will be made on the 17th day of the following month.

Retainage in the amount of 10% will be retained from each progress payment. Retainage will be paid at the completion of the project or when funds are released by the Owner.

Submission for Payment. Pay applications may be sent in the following ways:

Via Email: In order to efficiently process invoices transmitted via email, please send all invoicing to AccountsPayable@BuildWithLingo.com.

❖ *Do not* send invoicing to the PM on the job being invoiced. Invoicing via email that does not follow this process, could cause a delay in receipt of payment from Lingo.

Via Mail: Sent to the following address:

Lingo Construction Services, Inc.
1135 N Robinson Ave
Oklahoma City, OK 73103
Attn: Accounts Payable

Other Payment Conditions: Payment received by the Subcontractor shall be used to satisfy the indebtedness owed by the Subcontractor to any person or entity furnishing labor or material for use in performing the Subcontractors work on this project before it is used in any other manner. Subcontractor agrees that Contractor may, at any time, contact any of its subcontractors and/or suppliers to verify amounts paid, amounts invoices or for any other purpose reasonably related to the performance of the work.

Billing for Stored Materials:

- a) Provide vendor invoices equaling the amount of Stored Materials
- b) Lien releases from subcontractor's material suppliers from which Stored Materials were purchased. Dollar amounts listed on supplier's lien releases to match amount billed for Stored Materials.
- c) Provide photos of the Stored Materials labeled "Property of _____". List name of project's owner.
- d) If Stored Materials are in a warehouse not at the project location, provide an insurance certificate with the following information:
 1. Materials and associated value in the Property section
 2. Project name, address and/or contract number listed in the Descriptions of Operations section
 3. In Certificate Holder section, list: Lingo Construction Services, Inc, 1135 North Robinson, Oklahoma City, Oklahoma 73103 and also list project Owner's name and address.
- e). Payments for Stored Materials may be limited to fabricated items and not include unfabricated, raw materials.

Payments Withheld: Contractor is not obligated to make any payment (full or partial) to Subcontractor under the Subcontract if any one or more of the following conditions exists:

- a) Subcontractor has failed to perform its obligations under the Subcontract;
- b) If any part of such payment is attributable to Work which is not performed in accordance with the Contract Documents;
- c) Defects or repetitive issues are detected and not resolved promptly within thirty (30) days upon discovery;
- d) Subcontractor has failed to make payments promptly to any of their subcontractors and/or suppliers for which Subcontractor has received payment;
- e) Subcontractor has failed to provide the prerequisites for payment as outlined above;
- f) Reasonable evidence that the Work of the Subcontractor will not be completed within its scheduled time for completion and that the unpaid balance would not be adequate to cover any actual or liquidated damages for the anticipated delay;
- g) Subcontractor has filed for protection relief under applicable Bankruptcy laws or a petition has been filed placing Subcontractor under the protection of Bankruptcy laws and Subcontractor has not (1) notified Contractor that Subcontractor has the necessary capacity and resources to finish the Work and honor the Subcontract and will dismiss such petition and remove itself from bankruptcy protection within 90 days of the filing or (2) affirmed and had the bankruptcy court approve its obligations under this Subcontract to Contractor and evidence Subcontractor's ability to perform this Subcontract to Contractor's reasonable satisfaction; or
- h) Subcontractor has failed to provide or maintain required insurance or bonds.

Subcontractor further agrees that the Contractor shall have the right in its own reasonable discretion to issue joint checks to any subcontractor or supplier engaged by Subcontractor.

Final Payment: Final payment, constituting the entire unpaid balance of the contract sum, shall be made by the Contractor to the Subcontractor when:

- a) the Subcontractor has fully, properly and timely performed this Agreement except for the Subcontractor's responsibility to correct Work and to satisfy any other requirements, if any, which extend beyond final payment;
- b) the Subcontractor has submitted a correct final Application for Payment;
- c) the Subcontractor has provided lien waivers and affidavits for itself, its subcontractors and suppliers for the completed Subcontractor's work (as deemed applicable by the project manager or Lingo accounting staff);
- d) the Subcontractor has provided a warranty affidavit for its work on the project;

- e) the Subcontractor has provided copies of submittals, as built drawings and/or mark-ups, product warranties and product manuals.

If any sub-subcontractor or supplier fails to furnish an acceptable final lien waiver and release of claims to Contractor, Subcontractor shall provide a bond or other satisfactory collateral to Contractor to indemnify Contractor and Owner's property interest against any potential lien or other claims subject to terms in the "Lien Release" section of this contract.

- 10. **Lien Releases.** If Subcontractor is paid in accordance with Paragraph 9 and/or any non-payment is due to Subcontractor's unsatisfactory performance or breach of any such provisions contained within this sub-contract, Subcontractor agrees to keep the building or project to which this sub-contract relates free and clear of mechanics liens or other encumbrances arising by his act or contract and shall, at his sole cost and expense, defend against any claim, lien, suit or proceeding that may be presented or filed arising out of and in the course of his performance of this sub-contract.

In such case, if a lien is claimed or filed against the Project or Project funds by any sub-subcontractor, laborer, supplier or other party supplying labor, materials, equipment or services, or other party claiming through or against Subcontractor, or if a legal action is commenced by such claimants involving the Project, Project funds, Contractor or the Owner, the Subcontractor shall have twenty (20) days from the receipt of notice of said lien within which time to settle the claim and have the lien canceled or to post a bond with sufficient sureties to discharge the same of record. If following said twenty (20) day period, any lien which has been filed of record has not been canceled and no bond has been posted to discharge the same of record, the Contractor shall have the right to discharge or settle any lien claim by any such means as the Contractor in its sole discretion may deem most advantageous, including without limitation the right to withhold an amount equal to the greater of 1.25 times the amount of the lien from any payment otherwise due to the Subcontractor, at the Subcontractor's sole expense, and all costs and damages incurred by the Contractor, including reasonable attorneys' fees and disbursements, shall be paid by the Subcontractor to the Contractor upon written demand, or offset and withheld from any amounts otherwise due and payable to the Subcontractor under this Agreement between the Contractor and Subcontractor. Additionally, in the event Subcontractor files for bankruptcy protection during the course of the job and a lien or pre-lien is filed by a sub-subcontractor or supplier, Contractor shall have the right to pay sub-subcontractors, laborers, suppliers or any other party supplying labor, materials, equipment or services, directly for any amounts in dispute – with the amounts paid being deducted from this Subcontract.

- 11. **Insurance.** Subcontractor shall take out and pay for General Liability, Workers Compensation, Business Auto and Umbrella policies.

An insurance certificate shall be provided by Subcontractor prior to commencing work on site and / or receiving first payment showing at least the following coverages and conditions:

- A. General Liability insurance of not less than \$1,000,000 per occurrence and \$2,000,000 aggregate on a per project basis.
- B. Workers Compensation Coverage with employer's liability limits of not less than \$500,000/\$500,000/\$500,000
- C. Business Auto insurance of not less than \$1,000,000 combined single limit of liability.
- D. Umbrella policy of not less than \$1,000,000 per occurrence and \$1,000,000 aggregate
- E. Contractor shall be named (address info noted below) as additional insured on a primary and non-contributory basis including completed operations per ISO form CG 2037 or its equivalent. Additionally, Owner may also be requested to be named as additional insured.

Contractor:

Lingo Construction Services, Inc.
1135 N Robinson Ave
Oklahoma City, OK 73103

To the fullest extent permitted by law subcontractor agrees to defend, indemnify and hold harmless contractor, owners, architect and engineer, along with their respective officers, agents, servants and employees from all claims, suits, judgments and expenses, including attorney's fees and expenses of litigation, involving economic loss, personal injury, property damage or wrongful death that arise out of or are connected with the Subcontractor's work or presence on the job, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property including loss of use resulting therefrom, but only to the extent of the degree of percentage of negligence or fault attributable to the Subcontractor or its agents, representatives, sub-subcontractors or suppliers or anyone directly or indirectly employed by them or anyone for those acts they may be liable. Subcontractor's indemnity obligation shall not include any claim, damage, loss or expense caused by the negligence or fault of party indemnified hereunder.

Builder's Risk insurance may be provided by the Owner or Contractor covering all materials for which the insured shall be liable or shall have assumed liability that becomes a permanent part of the structure or project. It is the responsibility of each Subcontractor to furnish its own coverage for scaffolding, supplies, tools and any other owned/rented equipment not to become part of the structure. Whether or not a loss is reimbursable by builder's risk insurance, each Subcontractor hereby acknowledges its obligation for any loss to its work and will be responsible for the deductible amount under this policy. Subcontractor assumes the responsibility to purchase any additional or gap insurance it may deem necessary to protect its interest.

Materials stored offsite: For any materials received for the Work, but stored offsite, an insurance certificate is required from the entity in possession of and holding the materials in storage – naming the Contractor and Owner as additional insured.

12. **Warranty.** The Subcontractor expressly warrants to the Owner, Contractor, and their successors that the workmanship, materials and services provided shall be free from all defects and shall be of the quality specified or of the best grade of their respective kinds if no quality is specified. The Subcontractor also warrants that the workmanship, materials and services shall be fit for the purpose intended and shall conform to the provisions, specifications, drawings, samples or other descriptions contained herein or in the Contract Documents, and to representations whenever made by the Subcontractor or its representatives. All warranties implied by law, manufacturers, or by usage of trade are incorporated herein to apply to all work, goods, services, and materials provided under this agreement.

Subcontractor agrees to replace or repair to the satisfaction of the Owner and Contractor, all work, materials and/or equipment, together with all other work that it may damage or displace in doing so, for a period of **ONE YEAR** from the Date of Substantial Completion listed above as established by the Architect. This warranty excludes normal wear and tear, abuse, force majeure (i.e., "acts of God"), or neglect of the work, materials or equipment.

In the event of defect in the work and the necessity of making repairs, upon notice by the Owner and/or Contractor, the Subcontractor will coordinate with the Contractor and schedule repair(s) to be made within a reasonable timeframe, depending on urgency, and at no expense to the Owner and/or Contractor. In the event the Subcontractor fails to make the necessary repairs in a reasonable time as agreed to with the Contractor, the Subcontractor hereby authorizes the Owner and/or Contractor to proceed with repair(s) by another party and will pay for all associated costs.

13. **Confidentiality.** Except with the prior written consent of Contractor or Owner, Subcontractor agrees that neither Subcontractor nor any of its affiliates, sub-subcontractors, employees, or suppliers will at any time, directly or indirectly use, disclose or disseminate to any other person any confidential information. For purposes hereof, "confidential information" shall mean any nonpublic information (including the substance of any communications whether oral or in paper or electronic form) regarding or relating (directly or indirectly) to any personal, business, social, financial or other activity or interest of the Owner and its affiliates respectively.

14. **Termination or Suspension of the Contract.**

Termination for Cause. The Contractor may terminate the Contract if the Subcontractor:

- 1) Refuses or fails to supply enough properly skilled workers or proper materials;
- 2) fails to make timely payment to sub-subcontractors, employees, and/or suppliers for materials or labor in accordance with their respective agreements;

- 3) disregards applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of a public authority;
- 4) is in material breach of a provision of the Contract Documents;
- 5) breaches any warranty made by the Subcontractor under or pursuant to the Contract Documents;
- 6) has a voluntary or involuntary bankruptcy case, assignment for the benefit of creditors, receivership or other state, federal or foreign insolvency proceeding commenced with respect to Subcontractor or its properties; or
- 7) becomes insolvent, is generally not paying its debts as they become due, discontinues business, or commences to dissolve, wind-up or liquidate itself, in whole or in part.

When any of the above reasons exist, the Contractor may, by written notice, demand that the Subcontractor cure the default. If Subcontractor fails to commence and diligently pursue curing the default to the Contractor's or Owner's satisfaction, within three (3) days (seven (7) days in the case of bankruptcy) after receipt of written notice to Subcontractor and Subcontractor's surety, if any, Contractor may without prejudice to any other rights or remedies of the Contractor, terminate employment of the Subcontractor and may, subject to any prior rights of the surety:

- 1) Exclude the Subcontractor from the site and take possession of all materials;
- 2) accept assignment of sub-subcontracts;
- 3) finish the Work by whatever reasonable method(s) the Contractor may deem expedient - with all costs incurred by the Contractor for finishing the Work being the responsibility and liability of the Subcontractor.

When the Contractor terminates the Subcontract for one of the reasons stated above, the Subcontractor shall not be entitled to receive further payment until the Work is finished. The Subcontractor shall be entitled to receive payment for Work executed, and costs incurred by reason of such termination, along with reasonable overhead and profit on the Work executed; however, if the unpaid balance of the Contract Sum earned by Subcontractor prior to the termination exceeds the Contractor's costs of finishing the Work, including compensation for the Architect's services and expenses made necessary thereby, and other damages and expenses incurred by the Contractor and not expressly waived, such excess shall be paid to the Subcontractor. If such costs and damages exceed the unpaid balance, the Subcontractor shall pay the difference to the Contractor immediately upon written demand.

Suspension of the Contract. The Contractor may, without cause, order the Subcontractor in writing to suspend, delay or interrupt the Work in whole or in part for such period of time as the Contractor may determine.

The Contract Sum and Contract Time shall be reasonably adjusted for increases in the actual cost and actual time caused by suspension, delay or interruption if applicable. Adjustment of the Contract Sum, if any, shall include Subcontractor's agreed Fee percentage. No adjustment shall be made to the extent that:

- 1) performance is, was or would have been so suspended, delayed or interrupted by another cause for which the Subcontractor is responsible; or
- 2) an equitable adjustment is made or denied under another provision of the Contract.

Termination of the Contract for Convenience

The Contractor may, at any time, upon five (5) days written notice, terminate the Contract for the Contractor's convenience and without cause.

Upon receipt of written notice from the Contractor of such termination for the Contractor's convenience, the Subcontractor shall:

- 1) cease operations as directed by the Contractor in the notice;
- 2) take actions necessary, or that the Contractor may direct, for the protection and preservation of the Work; and
- 3) except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing sub-subcontracts and purchase orders and enter into no further sub-subcontracts and purchase orders.

In case of such termination for the Contractor's convenience, the Subcontractor shall be entitled to receive payment for Work executed, and costs incurred by reason of such termination, along with reasonable overhead and profit on the Work executed.

15. **Employee Leasing.** If Subcontractor is leasing his employees, Contractor will require the following from the Employee Leasing Company:
1. A Certificate of Worker's Compensation Insurance showing a carrier acceptable to Contractor,
 2. Certificate of Insurance must include reference and assurance to the satisfaction of Contractor that the Worker's Compensation carrier has endorsed its policy to include a Waiver of Subrogation in favor of Contractor and that the Alternate Employer Endorsement naming Contractor has been added to such Workers Compensation Policy, and
 3. Submit proof of drug test information.
16. **Labor and Immigration Laws.** Subcontractor agrees to comply with all provisions of labor laws and anti-discrimination practices (EEO, ADA, etc.).

The Subcontractor agrees that if any government agency determines that any employee or agent employed by Subcontractor on the Project is not authorized for employment in the United States, then Subcontractor shall indemnify and hold harmless the Owner and Contractor and any of the Contractor and Owner's agents from any liability incurred by Contractor or Owner as a result of such determination. Such indemnification shall include, by way of example but not in any way limited to, any civil or criminal fines or penalties, assessed or alleged, and any costs and expenses incurred in responding to or participating in any government investigation, finding, recommendation, hearing, appeal, or any other proceeding, including attorney's fees. Subcontractor shall require all of its sub-subcontractors and suppliers to comply with all immigration laws and regulations applicable to the Project.

17. **Housekeeping and Tobacco.** Subcontractor shall daily broom clean and remove excess material and debris, including breakdown and removal, from each work area, and site prior to discontinuing work and at completion – this includes the disposing of all drinks, food, snacks, etc. If, Subcontractor has not diligently proceeded with the cleanup or as directed by Contractor's project management and/or onsite supervisor, the Contractor has the right to proceed with the cleanup work at the Subcontractor's cost and expense of 1.25 times the cost of work to the Contractor.

No smoking is allowed in the field office, inside project location, or in jobsite trailers. E-cigarettes and/or "vapes" are also not allowed in the same manner. A designated area for smoking may be decided on a project-by-project basis. Failure to abide by this requirement may result in removal of personnel from the jobsite and/or termination of contract.

18. **Communication.**

Professional Communication. Contractor insists that all Workmen will use proper language that will not be offensive to the Owner, Architect, Contractor, or the Public. Any form of behavior that could be construed as harassment of any type will not be tolerated.

Electronic Communication. Subcontractor is required to provide the resources necessary to communicate electronically with Contractor and other project members if necessary.

This project will utilize an online cloud-based construction management software. Applicable team members of this Subcontractor will be invited to, and are encouraged to create a username (email) and password if they do not already have one. This Subcontractor will be expected to obtain drawings, RFIs, coordination drawings, etc. via this application or will be expected to keep documentation up to date via their own software/hardset. Contractor will notify Subcontractor as relevant items are added. It will be the responsibility of this Subcontractor to regularly check and review updated documents as they are added and/or sent out.

19. **Project Signage and Use of Project Images.** All signage at the Project that is visible to the general public (other than standard safety, permitting and inspection related signage) as well as use of the Owner and Contractor's name and/or logo by Subcontractor for any purpose is not allowed without Contractor and Owner's prior written approval. Subcontractor must also obtain Contractor and Owner's approval to use images or photographs taken of the project for marketing purposes (e.g., use on brochures, website, pamphlets, etc.).

20. **Indemnification.** The Subcontractor shall indemnify Contractor from any liability, expenditure or obligation imposed upon Contractor for fines, penalties, counsel fees, expenses and costs of litigation, together with corrective measures required by reason of acts of commission or omissions by the Subcontractor or the Subcontractor's agents, employees and suppliers with relation to such safety and health standards, as well as any and all claims arising out of any breach of this Subcontract by Subcontractor.

21. **Claims.** For unresolved claims, disputes, or other matters in controversy arising out of or related to the Contract, except those waived, the method of resolution shall be litigation, in a court of competent jurisdiction, except that the Contractor, may at its sole option, require that any dispute be submitted to arbitration pursuant to the Construction Industry Rules of the American Arbitration Association as a condition precedent to further dispute resolution. In any arbitration between Subcontractor and Contractor, pretrial discovery shall be allowed to the full extent as permitted by the local rules of civil procedure in the State of Oklahoma.

In the event of litigation or arbitration of any dispute between Subcontractor and Contractor, the prevailing party shall be awarded attorney's fees, costs of court and other damages as may be permitted by Subcontract and applicable law. Should an offer of compromise (settlement) be extended before legal proceedings end, the offer will include the award of attorney fees and costs of court to the prevailing party.

Any action for Claim will be sought in the district County of Oklahoma County and legal proceedings (arbitration or litigation proceedings) will be held in Oklahoma City, OK. In the event of any litigation solely between Contractor and Subcontractor, Subcontractor and Contractor agree to waive trial by jury to the extent such waiver is enforceable pursuant to the laws of the State of Oklahoma.

In the event of any dispute involving the Work, Subcontractor must proceed diligently with performance of its Work and must follow any decision by Contractor with respect to the dispute until final resolution. If Subcontractor makes a claim as provided herein, Subcontractor must continue with its Work without interruption, deficiency or delay.

22. **Severability.** If any clause or provision of this Agreement should be determined to be illegal, invalid, or unenforceable under present or future laws effective during the term of the Agreement, then and in that event, the remainder of the Agreement shall not be affected thereby, and there may be added as part of the Agreement an amended clause or provision that is legal, valid and enforceable.

By providing my signature below, I confirm that I have read and agree to the terms of this Contract.

## Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

**Note:** If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

## Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

## General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/FormW9](http://www.irs.gov/FormW9).

### Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

*If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What Is backup withholding, later.*

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

**Note:** If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

**Foreign person.** If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*).

**Nonresident alien who becomes a resident alien.** Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

**Example.** Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

## Backup Withholding

**What is backup withholding?** Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

**Payments you receive will be subject to backup withholding if:**

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the instructions for Part II for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

## What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

## Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

## Penalties

**Failure to furnish TIN.** If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

**Civil penalty for false information with respect to withholding.** If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

**Criminal penalty for falsifying information.** Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

**Misuse of TINs.** If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

## Specific Instructions

### Line 1

You must enter one of the following on this line; do not leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

**a. Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

**Note: ITIN applicant:** Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

**b. Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

**c. Partnership, LLC that is not a single-member LLC, C corporation, or S corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

**d. Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

**e. Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

### Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

### Line 3

Check the appropriate box on line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

| IF the entity/person on line 1 is a(n) ...                                                                                                                                                                                                                                                     | THEN check the box for ...                                                                                                      |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| • Corporation                                                                                                                                                                                                                                                                                  | Corporation                                                                                                                     |
| • Individual<br>• Sole proprietorship, or<br>• Single-member limited liability company (LLC) owned by an individual and disregarded for U.S. federal tax purposes.                                                                                                                             | Individual/sole proprietor or single-member LLC                                                                                 |
| • LLC treated as a partnership for U.S. federal tax purposes,<br>• LLC that has filed Form 8832 or 2553 to be taxed as a corporation, or<br>• LLC that is disregarded as an entity separate from its owner but the owner is another LLC that is not disregarded for U.S. federal tax purposes. | Limited liability company and enter the appropriate tax classification. (P= Partnership; C= C corporation; or S= S corporation) |
| • Partnership                                                                                                                                                                                                                                                                                  | Partnership                                                                                                                     |
| • Trust/estate                                                                                                                                                                                                                                                                                 | Trust/estate                                                                                                                    |

### Line 4, Exemptions

If you are exempt from backup withholding and/or FATCA reporting, enter in the appropriate space on line 4 any code(s) that may apply to you.

#### Exempt payee code.

- Generally, individuals (including sole proprietors) are not exempt from backup withholding.
- Except as provided below, corporations are exempt from backup withholding for certain payments, including interest and dividends.
- Corporations are not exempt from backup withholding for payments made in settlement of payment card or third party network transactions.
- Corporations are not exempt from backup withholding with respect to attorneys' fees or gross proceeds paid to attorneys, and corporations that provide medical or health care services are not exempt with respect to payments reportable on Form 1099-MISC.

The following codes identify payees that are exempt from backup withholding. Enter the appropriate code in the space in line 4.

- 1—An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2)
- 2—The United States or any of its agencies or instrumentalities
- 3—A state, the District of Columbia, a U.S. commonwealth or possession, or any of their political subdivisions or instrumentalities
- 4—A foreign government or any of its political subdivisions, agencies, or instrumentalities
- 5—A corporation
- 6—A dealer in securities or commodities required to register in the United States, the District of Columbia, or a U.S. commonwealth or possession
- 7—A futures commission merchant registered with the Commodity Futures Trading Commission
- 8—A real estate investment trust
- 9—An entity registered at all times during the tax year under the Investment Company Act of 1940
- 10—A common trust fund operated by a bank under section 584(a)
- 11—A financial institution
- 12—A middleman known in the investment community as a nominee or custodian
- 13—A trust exempt from tax under section 664 or described in section 4947

The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 13.

| IF the payment is for . . .                                                            | THEN the payment is exempt for . . .                                                                                                                                                                          |
|----------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Interest and dividend payments                                                         | All exempt payees except for 7                                                                                                                                                                                |
| Broker transactions                                                                    | Exempt payees 1 through 4 and 6 through 11 and all C corporations. S corporations must not enter an exempt payee code because they are exempt only for sales of noncovered securities acquired prior to 2012. |
| Barter exchange transactions and patronage dividends                                   | Exempt payees 1 through 4                                                                                                                                                                                     |
| Payments over \$600 required to be reported and direct sales over \$5,000 <sup>1</sup> | Generally, exempt payees 1 through 5 <sup>2</sup>                                                                                                                                                             |
| Payments made in settlement of payment card or third party network transactions        | Exempt payees 1 through 4                                                                                                                                                                                     |

<sup>1</sup> See Form 1099-MISC, Miscellaneous Income, and its instructions.

<sup>2</sup> However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney reportable under section 6045(f), and payments for services paid by a federal executive agency.

**Exemption from FATCA reporting code.** The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

- A—An organization exempt from tax under section 501(a) or any individual retirement plan as defined in section 7701(a)(37)
- B—The United States or any of its agencies or instrumentalities
- C—A state, the District of Columbia, a U.S. commonwealth or possession, or any of their political subdivisions or instrumentalities
- D—A corporation the stock of which is regularly traded on one or more established securities markets, as described in Regulations section 1.1472-1(c)(1)(i)
- E—A corporation that is a member of the same expanded affiliated group as a corporation described in Regulations section 1.1472-1(c)(1)(i)
- F—A dealer in securities, commodities, or derivative financial instruments (including notional principal contracts, futures, forwards, and options) that is registered as such under the laws of the United States or any state
- G—A real estate investment trust
- H—A regulated investment company as defined in section 851 or an entity registered at all times during the tax year under the Investment Company Act of 1940
- I—A common trust fund as defined in section 584(a)
- J—A bank as defined in section 581
- K—A broker
- L—A trust exempt from tax under section 664 or described in section 4947(a)(1)

M—A tax exempt trust under a section 403(b) plan or section 457(g) plan

**Note:** You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

**Line 5**

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

**Line 6**

Enter your city, state, and ZIP code.

**Part I. Taxpayer Identification Number (TIN)**

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

**Note:** See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

**How to get a TIN.** If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at [www.SSA.gov](http://www.SSA.gov). You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at [www.irs.gov/Businesses](http://www.irs.gov/Businesses) and clicking on Employer Identification Number (EIN) under Starting a Business. Go to [www.irs.gov/Forms](http://www.irs.gov/Forms) to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to [www.irs.gov/OrderForms](http://www.irs.gov/OrderForms) to place an order and have Form W-7 and/or SS-4. mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

**Note:** Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

**Caution:** A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

**Part II. Certification**

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

**Signature requirements.** Complete the certification as indicated in items 1 through 5 below.

**1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.** You must give your correct TIN, but you do not have to sign the certification.

**2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.** You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

**3. Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.

**4. Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

**5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABL accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

**What Name and Number To Give the Requester**

| For this type of account:                                                                                                                          | Give name and SSN of:                                                                                   |

| 12. Partnership or multi-member LLC                                                         | The partnership           |
| 13. A broker or registered nominee                                                          | The broker or nominee     |

| For this type of account:                                                                                                                                                                   | Give name and EIN of: |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------|
| 14. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments | The public entity     |
| 15. Grantor trust filing under the Form 1041 Filing Method or the Optional Form 1099 Filing Method 2 (see Regulations section 1.671-4(b)(2)(i)(B))                                          | The trust             |

<sup>1</sup> List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

<sup>2</sup> Circle the minor's name and furnish the minor's SSN.

<sup>3</sup> You must show your individual name and you may also enter your business or DBA name on the "Business name/disregarded entity" name line. You may use either your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

<sup>4</sup> List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see *Special rules for partnerships*, earlier.

**\*Note:** The grantor also must provide a Form W-9 to trustee of trust. **Note:** If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

**Secure Your Tax Records From Identity Theft**

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

**Protect yourself from suspicious emails or phishing schemes.** Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to [phishing@irs.gov](mailto:phishing@irs.gov). You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at [spam@uce.gov](mailto:spam@uce.gov) or report them at [www.ftc.gov/complaint](http://www.ftc.gov/complaint). You can contact the FTC at [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft) or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see [www.IdentityTheft.gov](http://www.IdentityTheft.gov) and Pub. 5027.

Visit [www.irs.gov/identityTheft](http://www.irs.gov/identityTheft) to learn more about identity theft and how to reduce your risk.

## Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

**Conditional Lien Waiver and Release on Progress Payment**

Subcontractor Company Name: \_\_\_\_\_

Project Name: \_\_\_\_\_

In consideration of the Payment Amount of \$\_\_\_\_\_ and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the undersigned, its agents, representatives, employees, and all those acting on its behalf, do hereby waive, release, and relinquish any and all rights, claims, demands, liens, bond claims, and the like, arising out of the performance of work, the furnishing of labor, or supplying materials by the undersigned through the date of \_\_\_\_\_ pursuant to an agreement with (general contractor) Lingo Construction Services, Inc. in connection with the construction of the Project, for which the payment has been made.

## General Trade Package

- A. Trade Contractor (**subcontractor**) has visited and carefully studied the site conditions above and below grade which may affect cost, progress or performance of the work and/or means, methods, techniques, sequences and procedures of construction expressly required by the bidding documents to be employed by the Trade Contractor and considerations are included in the bid.
- B. The bidding documents are generally sufficient to indicate and convey understanding of all the terms and conditions for the work performance of the work for which this bid is submitted. The Trade Contractor acknowledges the more stringent requirements should a conflict between the Construction Documents, building code and requirements and manufacturer's recommendation arises without compromising design intent.
- C. Trade Contractor assumes all risk of any and all price increases associated with the cost of their work. Examples of this are material price escalation, lack of availability of materials, labor shortages, etc.
- D. Trade Contractor has given Lingo Construction written notice of all conflicts, errors, ambiguities or discrepancies that the Trade Contractor has discovered in the Bidding Documents and the written resolution by the Architect or Engineer is acceptable to the Trade Contractor.
- E. Lay down and storage space will be available in designated locations at times approved by Construction Manager. Scheduling the delivery of materials, including the hauling and hoisting of any such items required for this scope of work will be the sole responsibility of the Trade Contractor. Space required for preparation and installation will be coordinated with Construction Manager. **Lingo will coordinate with Canadian County's schedule to not interrupt adjacent activities.**
- F. Construction Manager or Owner will provide Builder's Risk Insurance. Deductibles shall be the responsibility of the Trade Contractor if the event was a result of the Trade Contractors failure to secure, store, or protect from loss.
- G. Each individual Trade Contractor is responsible for all means of access to complete the specified work. This includes any scaffolding, lifts, booms, related engineering, etc. to reach all required areas or facades of the building. Access plans shall be submitted to and coordinated with Construction Manager.
- H. Safety
  - a. Basic Personal Protective Equipment (PPE) including hard hats, safety glasses and vests, is required at all times while on the project site.
  - b. Trade Contractor is fully responsible for ensuring that employees are competent and certified to operate any tools/equipment needed or used.
  - c. Trade Contractor is responsible for immediately repairing any safety rails or guardrails removed or damaged as a result of their respective work.
  - d. Trade Contractor shall have onsite MSDS folder prior to mobilization. Folder may be stored in CM office or in Trade Contractor designated location but location must be coordinated with CM.
- I. Regular operating hours are 7:00 am to 3:30 pm Monday thru Friday. Work can take place at off times if approved by C.M. in advance. Trade Contractor shall provide written request for approval a **minimum of 48 hours** before proposed work time.

- J. Daily job hours start at time of arrival onsite to not include driving or transportation time to the jobsite.
- K. Revisions in the planned schedule are intrinsic with the nature of construction. Trade Contractors acknowledge that the Owner and Construction Manager cannot guarantee work will commence on a certain date or continue without interruption. Trade Contractor has included all costs associate with this risk.
- L. Trade Contractor will provide adequate labor to carry out and/or complete the scope of work in the scheduled time and will not be eligible for compensation for excess hours or overtime worked to meet the schedule. If an expedited schedule is requested compensation will be negotiated prior to initiation. Trade Contractor further agrees to cooperate and work harmoniously with other trades in achieving completion dates, and to coordinate the work to avoid compression (to the extent possible) for the benefit of all trades.
- M. Trade Contractors shall sequence their work to coincide with the Construction Manager's Project Schedule. The subcontractor shall demobilize/remobilize as necessary due to the sequence of construction activities.
- N. Trade Contractors will be required to coordinate with Construction Manager as well as other Trade Contractors. If any conflict occurs, immediately notify Construction Manager.
- O. Daily Huddles, Weekly Work Plans, and Touch Plan Technology:
  - a. Touch Plan is required for this project for Weekly Work Plan (WWP) meetings that will be onsite and held on a weekly basis. Touch Plan will be used for 5-6 week look-ahead scheduling and overall project constraint management. It is the responsibility of the trade partners to provide an iPad for each foreman who attends these meetings so electronic updating of scheduling can be done during this meeting.
  - b. The construction team will employ Touch Plan <https://touchplan.io/> to coordinate six week look-ahead, weekly work planning and constraint management. Weekly Work Plan (WWP) meetings will be held on site once a week and will last no longer than 90 minutes and can be shorter with good participation. Touch Plan will be used to prepare 5-6 week look-ahead schedules and track identification and resolution of workflow constraints. Each trade must provide at least one responsible person in charge that has the authority to plan work with other trades. This person must also have the authority to make decisions and secure resources (material and labor) to meet commitments. The responsible person in charge must be equipped by the subcontractor with an electronic tablet to participate in the planning. Work plans are made and shared on the cloud. Access to the Touch Plans will be available and accessible electronically to managers that need to view the plans and commitments.
- P. The Trade Contractor will send a competent field supervisor with the authority to make decisions on behalf of the Trade Contractor to project coordination meetings prior to beginning the Trade Contractors work, during and after completion of the work as required for the coordination of the project. In addition, the Trade Contractor will maintain, at all times, a suitably sized and skilled crew to proceed rapidly and logically through the work per the direction of the Construction Manager and the amended and published Project Schedule.
- Q. A dedicated project Superintendent will be identified for dissemination of jobsite communication between Lingo and Trade Contractor's field personnel.
- R. Trade Contractor starting work will be considered acceptance of the substrate or previous work.

- S. Trade Contractor is responsible for coordination of testing for the Trade Contractor's work in accordance with the Construction Documents as well as local code and city requirements.
- T. Construction Manager or Owner will pay for third party testing. Trade Contractors are responsible for coordination of testing, through the Construction Manager. Proper notice must be given to ensure availability of the testing company. Reinspection fee's shall be the responsibility of the Trade Contractor who failed the inspection. Costs associated with delays due to lack of coordination between Trade Contractor and testing agency shall be the responsibility of the Trade Contractor.
- U. All layout, product submittals, mockups, field measurements, coordination with other trades, fees, inspections, tests and certificates as required by law or jurisdictional oversight will be paid by those specific Trade Contractors.
- V. Prior to establishing building pad elevation Construction Manager will provide benchmark elevations. All additional layout, elevations, grade stakes, and surveying required are the responsibility of the Trade Contractor.
- W. Surveying control points will be provided by the Construction Manager after building pad elevation is established. All additional layout, elevations, grade stakes, and surveying required are the responsibility of the Trade Contractor.
- X. Trade Contractor is responsible for providing dewatering and pumping necessary to complete their scope of work.
- Y. Trade Contractors are responsible for ensuring their materials are delivered to the project at a time that coincides with the project schedule.
- Z. Trade Contractors are responsible for protecting cast in place concrete (to remain exposed) against markings. Examples of markings include tire marks from equipment as well as chalk lines that are not removeable. Trade Contractor shall be responsible for all costs associated with removal of such markings if they occur.
- AA. Trade Contractors are responsible for taking precautions to protect their work as well as adjacent property (such as utilities, city roads & streets, private property, etc.).
- BB. Trade Contractors shall provide drinking water for their employees.
- CC. Trade Contractor's shall have a foreman capable of speaking fluent English and translating for any non-English speaking personnel on their crew.
- DD. Instructions of Owner's Personnel on operation of systems and startup of systems as detailed in the Contract Documents are included. Provide electronic files of all operation and maintenance manuals, warranties, as-built drawings and any other closeout documentation.
- EE. Trade Contractor to include cutting, sealing and patching (including fire caulking) of all penetrations relating to the work made by that Trade Contractor. All patching activities for a uniform acceptable finish are included. Trade Contractor to submit proposed fire stop materials to Construction Manager for review prior to installation.
- FF. Extra items, requested by Lingo or the Owner, will have a markup not to exceed 10% of labor and material cost. A fully detailed breakdown including, however not limited to labor, materials, equipment and incidentals will be required for any additional work. All requests for change order pricing must be turned in within 3 working days of the request for a price unless coordinated otherwise.
- GG. All trash and debris resulting from Trade Contractor's work shall be daily cleaned up, broken down, and placed in the dumpster (provided by Lingo) by the Trade Contractor. Any material not acceptable to the local landfill or roll off provided will be removed from the site and legally disposed of by the Trade Contractor. Trade Contractors are responsible for maintaining a safe, clean, uncluttered workplace.

- HH. Trade Contractors are required to provide copies of inspection tags to the Construction Manager immediately following inspections.
- II. Closeout Procedures – The following are required in order to expedite closing the job out and applying for retainage
- a. Closeout documents (O&M manuals, warranties, training, etc) will be requested approximately ninety (90) days prior to substantial completion.
  - b. Start dates on warranties shall read “From the Date of Final Acceptance by Canadian County” in lieu of a specific date.
  - c. A certificate will be issued, included in the warranty manual and distributed to the trade contractors, with the actual date of substantial completion.
- JJ. Trade Contractors are responsible for providing task lighting as necessary to perform their work.
- KK. Trade Contractors to remove their spoils from underground work from site. Trade Contractor to backfill their underground work per the geotechnical report recommendations.
- LL. Concrete Penetrations, Sleeves, & Sawcutting
- a. Trade Contractors are responsible for identifying, locating, and ensuring blockouts and penetrations are incorporated into concrete pours such that their work can be installed properly.
  - b. For openings in concrete walls or slabs not specifically detailed in Contract Documents Trade Contractor requiring the opening shall be responsible for blockouts or void forms.
  - c. Trade Contractors shall provide supervision at concrete pours involving penetrations and sleeves associated with their work.
  - d. In the event concrete sleeves or blockouts are not identified, located, or placed properly the Trade Contractor requiring the opening shall be responsible for the full cost of demolition, removal, and replacement of all concrete required for the installation of their work. Costs shall include removal of material off site, testing of new material as required, and all reinforcement, vapor barrier, and finished necessary to install blockout.
  - e. Saw cutting and patching are the responsibility of the Trade Contractor who requires the work.
  - f. Trade Contractors to submit core drilling and/or sawcutting locations & sizes to the Construction Manager for approval by the EOR prior to proceeding with work. Where Construction Manager/EOR require scanning or locating of cast in reinforcement, the Trade Contractor shall be responsible for these costs.
- MM. Warranty period shall start at the date of **Final Acceptance by Canadian County**.
- NN. Trade Contractors shall provide their own flagmen and traffic control as necessary for their scope of work as well as deliveries.
- OO. For trades requiring inspections partial inspections shall be included in the cost of work.
- PP. Trade Contractors shall be responsible for providing their own GFCI protection if using permanent power from the building.
- QQ. Provide any temporary lighting required to complete work. Construction Manager will only supply minimum required by OSHA.
- RR. All Trade Contractors shall submit their company safety policy, identified competent person, and any job specific job hazard safety documents to CM prior to start of work. This does not relieve the Trade Contractor from responsibility of implementing their own safety policy but is used to promote a more comprehensive safety environment on the project.

- SS. Trade Contractors will not be compensated for time or money due to rework items not correctly installed or not meeting QC requirements. Trade Contractor shall be required to review trade specific work as completed to ensure it meets specification requirements
- TT. All Bid Questions shall be directed to Lingo. Do not contact Canadian County or the A/E team with questions during bidding.
- UU. Bidders are not allowed to attach, include, or submit "Assumptions or Clarifications" with the bids.
- VV. Project shall be tax exempt. Trade Contractor shall take this into account for material that is to remain onsite only. Temporary materials that do not remain as a part of the structure cannot be considered for tax exempt status. Refer to local rules/regulations for more information. Canadian County will provide a tax-exempt designee letter for each contractor to use.

## Trade Package 10-01: Specialties Supply

| Specification Section: | Description:                                       |
|------------------------|----------------------------------------------------|
| Division 00            | Procurement, Contracting, and Bidding Requirements |
| Division 01            | General Requirements                               |
| 10 00 05               | Misc Specialties                                   |
| 10 21 13.19            | Plastic Toilet Compartments                        |
| 10 28 00               | Toilet, Bath, and Laundry Accessories              |
| 10 43 00               | Emergency Aid Specialties                          |
| 10 44 00               | Fire Protection Specialties                        |

**Quantity Check:** On section #9 of the bid form please list total anticipated quantities for the following in the quantity check section:

- Material delivery to site in weeks from approval = \_\_\_\_\_
- Quantity Takeoff to be Provided Upon Request.

These quantities are for reference only. Trade contractor is responsible for the actual quantities, not anticipated.

**Schedule:** Coordinate with Project Manager

**The following is a highlight of the key items but not a complete list, refer to plans and specifications:**

1. General Specialties Items
  - a. All items listed in General Trade Package.
  - b. Provide toilet accessories – MATERIAL ONLY. Installation is by others.
  - c. Provide a schedule of each room listing the type and quantity of each toilet accessory. Provide cut sheets for each piece and type supplied.
  - d. Provide vertical grab bar for handicap toilets even if not noted on the drawings.
  - e. Provide toilet partitions – MATERIAL ONLY. Installation is by others.
  - f. Provide detailed shop drawing of each restroom showing layout and dimensions for doors, panels, and pilasters.

- g. Provide samples to be approved by architect/owner.
- h. Include delivery to job site.
- i. Trade partner shall provide adequate manpower to manage and staff the project as indicated in project schedule.

2. Job Specific Specialties Items

- a. Project is Tax Exempt
- b. Allow for multiple mobilizations as required to complete the scope of work.
- c. Provide all Fire Extinguishers, FE Cabinets, and accessories as required by the plans and specifications and local authorities.
- d. Include the price to have Fire Extinguishers inspected and tagged at the end of the project.
- e. This trade partner to provide all items under division 10 specialties excluding:
  - i. Folding Panel Partitions
  - ii. Awnings
  - iii. Flagpoles
  - iv. Wall and Corner Guards
- f. Includes all Toilet Accessories:
  - i. BCS BABY CHANGING STATION
  - ii. EWC ELECTRIC WATER COOLER
  - iii. FSS FOLDING SHOWER SEAT
  - iv. GB-1 GRAB BAR (BACK WALL)
  - v. GB-2 GRAB BAR (SIDE WALL)
  - vi. GB-3 GRAB BAR (VERTICAL)
  - vii. GB-4 GRAB BAR (AMBULATORY STALL)
  - viii. GB-5 GRAB BAR (SHOWER)
  - ix. MBH MOP/BROOM HOLDER
  - x. MR MIRROR
  - xi. MR/S MIRROR WITH SHELF
  - xii. PTD PAPER TOWEL DISPENSER
  - xiii. PTD/R COMBINATION TOWEL DISPENSER/RECEPTACLE
  - xiv. RH ROBE HOOK
  - xv. SCD SEAT COVER DISPENSER
  - xvi. SCR SHOWER CURTAIN ROD
  - xvii. SD SOAP DISPENSER
  - xviii. SND SANITARY NAPKIN DISPOSAL
  - xix. SNV SANITARY NAPKIN VENDOR
  - xx. SSS STAINLESS STEEL SHELF
  - xxi. TTD TOILET TISSUE DISPENSER
  - xxii. US UTILITY SHELF
  - xxiii. WR WASTE RECEPTACLE

## Trade Package 10-02: Specialties Installation

| Specification Section: | Description:                                       |
|------------------------|----------------------------------------------------|
| Division 00            | Procurement, Contracting, and Bidding Requirements |
| Division 01            | General Requirements                               |

| 10 21 13.19            | Plastic Toilet Compartments                        |
| 10 28 00               | Toilet, Bath, and Laundry Accessories              |
| 10 43 00               | Emergency Aid Specialties                          |
| 10 44 00               | Fire Protection Specialties                        |

**Quantity Check:** On section #9 of the bid form please list total anticipated quantities for the following in the quantity check section:

- Count of grab bars to be installed = \_\_\_\_\_
- Count of paper towel dispensers to be installed = \_\_\_\_\_
- Count of soap dispensers to be installed = \_\_\_\_\_
- Count of toilet paper dispensers to be installed = \_\_\_\_\_
- Count of urinal screens to be installed = \_\_\_\_\_
- Count of toilet stalls to be installed = \_\_\_\_\_
- Count of Fire Extinguishers and Cabinets to be installed = \_\_\_\_\_
- Manpower Count = \_\_\_\_\_
- Installation Duration in Weeks = \_\_\_\_\_

These quantities are for reference only. Trade contractor is responsible for the actual quantities, not anticipated.

**Schedule:** Coordinate with Project Manager

**The following is a highlight of the key items but not a complete list, refer to plans and specifications:**

1. General Specialties Items
  - a. All items listed in General Trade Package.
  - b. Install provided toilet accessories
  - c. Provide a schedule of each room listing the type and quantity of each toilet accessory. Provide cut sheets for each piece and type supplied.
  - d. Install provided vertical grab bar for handicap toilets even if not noted on the drawings.

- e. Install provided toilet partitions.
- f. Provide all material necessary for proper installation of interior specialties if not already provided.
- g. Trade partner shall provide adequate manpower to manage and staff the project as indicated in project schedule.

2. Job Specific Specialties Items

- a. Project is Tax Exempt
- b. Allow for multiple mobilizations as required to complete the scope of work.
- c. Install provided Fire Extinguishers, FE Cabinets, and accessories as required by the plans and specifications and local authorities.
- d. This trade partner to provide all items under division 10 specialties excluding:
  - i. Folding Panel Partitions
  - ii. Awnings
  - iii. Flagpoles
  - iv. Wall and Corner Guards

e. Includes Installation of all Toilet Accessories:

- i. BCS BABY CHANGING STATION
- ii. EWC ELECTRIC WATER COOLER
- iii. FSS FOLDING SHOWER SEAT
- iv. GB-1 GRAB BAR (BACK WALL)
- v. GB-2 GRAB BAR (SIDE WALL)
- vi. GB-3 GRAB BAR (VERTICAL)
- vii. GB-4 GRAB BAR (AMBULATORY STALL)
- viii. GB-5 GRAB BAR (SHOWER)

- xiii. PTD/R COMBINATION TOWEL DISPENSER/RECEPTACLE
- xiv. RH ROBE HOOK
- xv. SCD SEAT COVER DISPENSER
- xvi. SCR SHOWER CURTAIN ROD
- xvii. SD SOAP DISPENSER
- xviii. SND SANITARY NAPKIN DISPOSAL
- xix. SNV SANITARY NAPKIN VENDOR
- xx. SSS STAINLESS STEEL SHELF
- xxi. TTD TOILET TISSUE DISPENSER
- xxii. US UTILITY SHELF
- xxiii. WR WASTE RECEPTACLE

## Trade Package 10-04: Folding Panel Partition

| Specification Section: | Description:                                       |
|------------------------|----------------------------------------------------|
| Division 00            | Procurement, Contracting, and Bidding Requirements |
| Division 01            | General Requirements                               |
| Division 10            | Specialties                                        |
| 10 22 39               | Folding Panel Partitions                           |

**Quantity Check:** On section #9 of the bid form please list total anticipated quantities for the following in the quantity check section:

- Total SF of folding panel partitions = \_\_\_\_\_
- Material delivery to site in weeks from approval = \_\_\_\_\_
- Manpower Count = \_\_\_\_\_
- Installation Duration in Weeks = \_\_\_\_\_

These quantities are for reference only. Trade contractor is responsible for the actual quantities, not anticipated.

**Schedule:** Coordinate with Project Manager

**The following is a highlight of the key items but not a complete list, refer to plans and specifications:**

1. General Specialties
  - a. All items listed in the General Trade Package apply.
  - b. Provide and install complete folding panel partition systems per approved submittals and manufacturer's recommendations.
  - c. Include all track, trolleys, panels, acoustic seals, fasteners, anchors, trim, and accessories for a complete system.
  - d. Include layout, field measurement verification, and coordination with other trades for proper track support.
  - e. Include delivery, unloading, and storage of materials in a protected area.
  - f. Provide all material necessary for proper installation of Partition if not already provided.
  - g. Trade partner shall provide adequate manpower to manage and staff the project as indicated in project schedule.

2. Job Specific Items

- a. Project is Tax Exempt
- b. Responsible for any above ceiling support systems for Folding Panel Partitions.
- c. Allow for multiple mobilizations as required to complete the scope of work.
- d. Protect adjacent finishes from damage during installation.
- e. Provide final adjustment and cleaning before Owner occupancy.
- f. Provide all labor, materials, equipment, and supervision required to furnish and install complete top-supported, horizontally operated folding panel partition systems, including track, carriers, seals, finishes, accessories, and pass doors, as shown on the drawings and specified.

## Trade Package 10-05: Flagpoles

| Specification Section: | Description:                                       |
|------------------------|----------------------------------------------------|
| Division 00            | Procurement, Contracting, and Bidding Requirements |
| Division 01            | General Requirements                               |
| Division 10            | Flagpoles                                          |
| Division 26            | Electrical                                         |

**Quantity Check:** On section #9 of the bid form please list total anticipated quantities for the following in the quantity check section:

- Number of flagpoles = \_\_\_\_\_
- Material delivery to site in weeks from approval = \_\_\_\_\_
- Manpower Count = \_\_\_\_\_
- Installation Duration in Weeks = \_\_\_\_\_

These quantities are for reference only. Trade contractor is responsible for the actual quantities, not anticipated.

**Schedule:** Coordinate with Project Manager

**The following is a highlight of the key items but not a complete list, refer to plans and specifications:**

1. General Flagpole Items
  - a. All items listed in General Trade Package.
  - b. The contractor shall comply with all local, state, and federal regulations, including building codes and safety standards.
  - c. The contractor shall obtain all necessary permits, approvals, and inspections required for the installation.
  - d. Work shall be performed during jobsite work hours.
  - e. Provide and install Flagpole in accordance with the drawings and specifications.
  - f. The contractor shall ensure the worksite is left clean and free of debris daily and upon project completion.
  - g. Trade partner shall provide adequate manpower to manage and staff the project as indicated in project schedule.
  - h. Provide any Engineered Requirements as Specified.

- i. Coordination with Electrician as required.
2. Job Specific Flagpole Items
- a. Project is Tax Exempt.
  - b. Allow for multiple mobilizations as required to complete the scope of work.
  - c. The Flagpole shall be installed according to the plans and specifications. Location of installation is possibly subject to change at the direction of the design team
  - d. Flagpoles should include all required accessories, including:
    - i. Halyard system (external or internal as specified).
    - ii. Finial (ball or other design as specified).
    - iii. Cleats, snaps, and other hardware.
    - iv. Flagpole base or foundation components.
  - e. Flagpoles must meet wind load requirements for the location, with documentation provided.
  - f. Confirm the location of underground utilities and mark areas for excavation.
  - g. Excavate foundation holes to the depth and diameter required for the flagpole base, per engineering drawings or manufacturer recommendations.
  - h. Pour concrete foundations as per the flagpole manufacturer's specifications.
  - i. Ensure proper placement and alignment of anchor bolts or sleeves for flagpole installation.
  - j. Install flagpoles securely and ensure they are plumb.
  - k. Attach and test all hardware and components, including the halyard system and flag.
  - l. Ensure flagpole operation is smooth and functional.
  - m. Clean flagpoles and hardware to remove dust, debris, or marks from installation.
  - n. Conduct a final inspection of the flagpoles to ensure compliance with the project specifications.
  - o. Test halyard systems to confirm proper operation.
  - p. Address any deficiencies or punch list items identified during inspection.

## Trade Package 27-01: Communications

| Specification Section: | Description:                                       |
|------------------------|----------------------------------------------------|
| Division 00            | Procurement, Contracting, and Bidding Requirements |
| Division 01            | General Requirements                               |
| Division 07            | Penetration Firestopping                           |
| Division 26            | Electrical                                         |
| Division 27            | Communications                                     |
| 27 05 26               | Grounding and Bonding for Communications Systems   |
| 27 05 28               | Pathways for Communications Systems                |
| <del>27 05 36</del>    | <del>Cable Trays for Communications Systems</del>  |
| 27 11 00               | Communications Equipment Room Fittings             |
| 27 13 00               | Communications Backbone Cabling                    |
| 27 15 00               | Communications Horizontal Xabling                  |
| Division 28            | Electronic Safety and Security                     |

**Quantity Check:** On section #9 of the bid form please list total anticipated quantities for the following in the quantity check section:

- Number of data outlets = \_\_\_\_\_
- Number of WAP locations = \_\_\_\_\_
- Number of camera locations = \_\_\_\_\_
- Number of fiber backbone strands = \_\_\_\_\_
- Number of racks/cabinets = \_\_\_\_\_
- Material delivery to site in weeks from approval = \_\_\_\_\_
- Manpower Count = \_\_\_\_\_
- Installation Duration in Weeks = \_\_\_\_\_
- Programming and Commissioning Duration in Weeks = \_\_\_\_\_

These quantities are for reference only. Trade contractor is responsible for the actual quantities, not anticipated.

### Unit Pricing:

- Add data outlet = \$ \_\_\_\_\_
- Add WAP = \_\_\_\_\_
- Add camera location = \$ \_\_\_\_\_
- Add intercom station = \$ \_\_\_\_\_

Schedule: Coordinate with Project Manager and reference posted schedule

**These dates are tentative and will be firmed up post-award.**

The following is a highlight of the key items but not a complete list, refer to plans and specifications:

1. General Data Items
  - a. All items listed in General Trade Package.
  - b. Include delivery to job site.
  - c. Provide all submittals to include product data & shop drawings as noted in the specifications.
  - d. Include hangers, j-hooks, and all needed cable supports.
  - e. Furnish and install all Cat 6 cables.
  - f. This bidder is responsible for costs associated with repairing or replacing damaged ceiling tiles/grid, damaged sheet rock, or adjacent finishes. It will be evaluated per occurrence and sent via back charge to the awarded bidder. Every effort should be made to install cabling prior to ACT ceiling installation.
  - g. Video Surveillance Cabling by 27-01.
  - h. Electronic Safety, Security, Access Control Cabling by Cabling by 28-01.
  - i. Firestopping of all 28-01 Trades Penetration to be by this scope work. Wall and floor penetrations.
  - j. Responsible for sleeves at wall penetrations.
  - k. No cabling can be in contact with Fire Suppression Systems.
  - l. Responsible for all AHJ permits and inspections.
  - m. Completed projects of similar size, complexity, and scale. List to be provided upon request.
  
2. Job Specific Data Items
  - a. This project is tax exempt.
  - b. **The specifications require cabling installers to have personnel certified by BICSI on staff.**
  - c. This is a turnkey trade package, and all trade specific requirements shall apply whether listed below or not. This includes all necessary layout, supervision, tools, and equipment to complete the scope of work. It is the responsibility of the structured cabling vendor to provide a complete structured cabling system in accordance with the plans and specifications or make notification if additional equipment is required to do so other than shown.
  - d. The electrician is responsible for all raceways including sleeves through walls, conduit, and cable tray. Refer to note below for innerduct responsibility.
    - i. Electrician is responsible for pull strings unless there are no raceways scheduled.
  - e. Structured cabling contractor responsible for providing any loose cabling support, j-hooks, etc.
  - f. Provide a complete communications system to include but not limited to the following per the contract documents:
    - i. Data Jacks
    - ii. Flush Floor Boxes w/ Technology Outlet
    - iii. Flush Floor Boxes w/ Furniture Feed
    - iv. Wireless Access Points
    - v. Telecommunications Racks
    - vi. Telecommunications Cabinets
    - vii. Plywood Backboards
    - viii. Grounding and Bonding of Communication Systems
    - ix. Labeling of Communication Systems
  - g. Below equipment is owner provided by owner installed:
    - i. Network switches

- ii. Cards
  - iii. Modules
  - iv. Cables
  - v. Power supplies
  - vi. Agreements
  - vii. Configuration
  - viii. IP phone set
- h. Below equipment is provided by contractor and installed by owner:
- i. Copper patch cords
  - ii. Fiber patch cords
- i. Furnish & install data, voice, AP, camera workstation, cabling as identified in the contract documents.
- j. Provide drops to FACP.
- k. Provide dedicated phone line to elevator phone. Coordinate location for elevator service with elevator contractor.
- l. Fiber optic cabling shall connect the IDF Rooms.
- m. Office areas shall be equipped with a single faceplate with two data at the desk location unless noted otherwise in the contract drawings.
- n. Workstation areas and additional support spaces will contain one or multiple dual port faceplate configurations. Additional data shall be installed above the ceiling for wireless access points and surveillance system cameras.
- o. Fixed data locations and wireless access points at conference rooms. Additional data is designed to support displays.
- p. Wireless access points throughout the facility with locations provided by the owner. Category 6 cables included at each wireless access point location.
- q. Floor boxes by 26-01. 27-01 responsible for cable and terminations.
- r. Provide and install fire rated plywood at data closets as indicated on the plans.
- s. Responsible for all coordination with the Elevators Systems. Included testing and commissioning.
- t. Responsible for all coordination with the BAS Systems. Included testing and commissioning.
- u. Responsible for all coordination with the AV Systems. Included testing and commissioning.
- v. Responsible for all coordination with the ERRS Systems. Included testing and commissioning.
- w. Responsible for all coordination with the BDA/DAS Systems. Included testing and commissioning.
- x. Responsible for all coordination with the Lighting Control Systems. Included testing and commissioning.
- y. Responsible for all coordination with the Local Service Provider. Included testing and commissioning.
- z. Provide and install all rack mounted power supplies.
- aa. Provide and install all rack mounted UPSs.
- bb. Provide and install all rack mounted PDUs.
- cc. Provide and install all grounding equipment and requirements.

## Trade Package 27-02: Audio Visual

| Specification Section: | Description:                                           |
|------------------------|--------------------------------------------------------|
| Division 00            | Procurement, Contracting, and Bidding Requirements     |

| Division 27            | Communications                                         |
| 27 41 16               | Integrated Audio-Visual Systems and Equipment          |
| 27 41 16A              | Integrated Audio-Visual Systems and Equipment Schedule |
| Division 28            | Electronic Safety and Security                         |

**Quantity Check:** On section #9 of the bid form please list total anticipated quantities for the following in the quantity check section:

- Number of Monitors = \_\_\_\_\_
- Number of Projectors & Project Screens = \_\_\_\_\_
- Number of Speakers = \_\_\_\_\_
- Number of PCs = \_\_\_\_\_
- Number of Control Panels = \_\_\_\_\_
- Number of AV Network Switches = \_\_\_\_\_
- Number of PTZ Cameras = \_\_\_\_\_
- Number of Microphones = \_\_\_\_\_
- Number of Kiosks = \_\_\_\_\_
- Material delivery to site in weeks from approval = \_\_\_\_\_
- Manpower Count = \_\_\_\_\_
- Installation Duration in Weeks = \_\_\_\_\_
- Programming and Commissioning Duration in Weeks = \_\_\_\_\_

These quantities are for reference only. Trade contractor is responsible for the actual quantities, not anticipated.

**Schedule:** Coordinate with Project Manager and refer to Schedule

**These dates are tentative and will be firmed up post-award.**

The following is a highlight of the key items but not a complete list, refer to plans and specifications:

1. General Audio-Visual Items
  - a. All items listed in General Trade Package.
  - b. Include delivery to job site.

- c. Provide all submittals to include product data & shop drawings as noted in the specifications.
- d. Include final testing as outlined in the specifications.
- e. This bidder is responsible for costs associated with repairing or replacing damaged ceiling tiles/grid, damaged sheet rock, or adjacent finishes. It will be evaluated per occurrence and sent via back charge to the awarded bidder. Every effort should be made to install cabling prior to ACT ceiling installation.
- f. Firestopping of all Trades Penetration to be by this scope work. Wall and floor penetrations.
- g. Responsible for sleeves at wall penetrations.
- h. No cabling can be in contact with Fire Suppression Systems.
- i. Responsible for any required coordination with Fire Alarm Audible Systems.
- j. Responsible for any coordination with Communications Systems.
- k. Completed projects of similar size, complexity, and scale. List to be provided upon request.

2. Job Specific Audio-Visual Items

- a. This project is tax exempt.
- b. Refer to Spec Section 27 41 16A for Scheduled Items.
- c. This is a turnkey trade package, and all trade specific requirements shall apply whether listed below or not. This includes all necessary layout, supervision, tools, and equipment to complete the scope of work. It is the responsibility of the Audio-Visual vendor to provide a complete Audio-Visual system in accordance with the plans and specifications or make notification if additional equipment is required to do so other than shown.
- d. The electrician is responsible for all raceways including sleeves through walls, conduit, and cable tray. Electrician is responsible for pull strings unless there are no raceways scheduled.
- e. Floor boxes by 26-01. 27-02 responsible for cable and terminations.
- f. AV responsible for all AV and system cabling. Including AV, data/multimedia, fiber optic, and other receptables/faceplates.
- g. Responsible for any above ceiling support systems for AV equipment.
- h. Equipment and racks by this Trade.
- i. All AV systems and controls by this Trade.
- j. AV contractor responsible for providing any loose cabling support, j-hooks, etc.
- k. AV connectivity for all conference rooms will include non-interactive displays with physical connectivity from the display to a presenter station. Sound shall be provided through the internal speakers of the displays.
- l. Include all wiring AV cabling for AV devices back to IT rooms & include terminations into panel.
- m. The following is a list of items to be provided but not limited to the following per the contract documents by the AV contractor
  - i. AV cabinet
  - ii. Audio and video plates
  - iii. Wall & ceiling mounted AV racks
  - iv. DSP, amplifier, input source
  - v. Presenter cameras installed in ceiling
  - vi. Wall mounted control panels
  - vii. Hearing assist antennas
  - viii. Microphones & cables
  - ix. Projector screens & projector screen control switches
    - 1. Coordinate with MEP contractor with exact locations.
  - x. Wall mounted pan tilt zoom cameras installed in ceiling

- xi. Room scheduler devices
  - xii. Ceiling mounted partition sensors
  - xiii. Surface mounted and ceiling mounted speakers
  - xiv. Exterior speakers
  - xv. Media player
  - xvi. Ceiling mounted flat panel display with audio and or/video outlet
    - 1. Coordinate outlet locations so that they are hidden from audience view.
  - xvii. Audio & video touch/control panel
  - xviii. Provide all mounts & hardware for wall displays & ceiling equipment.
  - xix. Wall mounted flat panel displays with audio and / or video outlet.
    - 1. Coordinate locations so that they are hidden from audience view.
  - xx. Wall mounted interactive flat panel displays with audio/and or video outlet.
    - 1. Coordinate outlet locations so that they are hidden from audience view.
  - xxi. Wall mounted & ceiling mounted video projectors
    - 1. Coordinate with MEP for exact location.
  - xxii. Video wall with audio and/or video outlet
    - 1. Coordinate with MEP for exact location.
  - xxiii. Wireless microphone antenna plates
  - xxiv. Power conditioner & sequencer
  - xxv. Provide a minimum of one managed UPS per audio-visual equipment rack for all pre-power amplifier equipment, whether specified or shown.
- n. Licenses included.
  - o. All programming, testing, and commissioning are included.
    - i.

Trade Package 28-01 Electronic Safety, Security, Access Control, & Video Surveillance

| Specification Section: | Description:                                             |
|------------------------|----------------------------------------------------------|
| Division 00            | Procurement, Contracting, and Bidding Requirements       |
| Division 01            | General Requirements                                     |
| Division 07            | Penetration Firestopping                                 |
| Division 08            | Openings                                                 |
| Division 26            | Electrical                                               |
| Division 27            | Communications                                           |
| Division 28            | Electronic Safety and Security                           |
| 28 00 05               | Special Conditions for Safety and Security Systems       |
| 28 05 13               | Conductors and Cables for Electronic Safety and Security |
| 28 13 06               | Access Control and Alarm System                          |
| 28 23 10               | Video Surveillance Devices                               |

**Quantity Check:** On section #9 of the bid form please list total anticipated quantities for the following in the quantity check section:

- Number of card readers = \_\_\_\_\_
- Number of keypads = \_\_\_\_\_
- Number of duress switches = \_\_\_\_\_
- Number of intercom stations = \_\_\_\_\_
- Number of PCs = \_\_\_\_\_
- Number of cameras = \_\_\_\_\_
- Number of Alarm Stations and Devices = \_\_\_\_\_
- Material delivery to site in weeks from approval = \_\_\_\_\_
- Manpower Count = \_\_\_\_\_
- Installation Duration in Weeks = \_\_\_\_\_
- Programming and Commissioning Duration in Weeks = \_\_\_\_\_

These quantities are for reference only. Trade contractor is responsible for the actual quantities, not anticipated.

**Unit Pricing:**

- Add Card Reader = \$ \_\_\_\_\_
- Add Keypad = \_\_\_\_\_
- Add Duress Switch = \$ \_\_\_\_\_
- Add Intercom Station = \$ \_\_\_\_\_
- Add Camera = \$ \_\_\_\_\_
- Add Alarm Station = \$ \_\_\_\_\_

**Schedule:** Coordinate with Project Manager and refer to Schedule

**These dates are tentative and will be firmed up post-award.**

**The following is a highlight of the key items but not a complete list, refer to plans and specifications:**

1. General Security Items
  - a. All items listed in General Trade Package.
  - b. Include delivery to job site.
  - c. Provide all submittals to include product data & shop drawings as noted in the specifications.
  - d. Include final testing as outlined in the specifications.
  - e. Include all devices and wiring associated with the security system as outlined in the contract documents.
  - f. Include wiring to security cameras & duress buttons.
  - g. Door hardware is by others.
  - h. This bidder is responsible for costs associated with repairing or replacing damaged ceiling tiles/grid, damaged sheet rock, or adjacent finishes. It will be evaluated per occurrence and sent via back charge to the awarded bidder. Every effort should be made to install cabling prior to ACT ceiling installation.
  - i. Responsible for all Electronic Safety, Security, Access Control Cabling.
  - j. Video Surveillance Cabling by 27-01.
  - k. Firestopping of all 28-01 Trades Penetration to be by this scope work. Wall and floor penetrations.
  - l. Responsible for sleeves at wall penetrations.
  - m. No cabling can be in contact with Fire Suppression Systems.
  - n. Responsible for all AHJ permits and inspections.
  - o. Completed projects of similar size, complexity, and scale. List to be provided upon request.
2. Job Specific Security Items
  - a. This project is tax exempt.
  - b. This is a turnkey trade package, and all trade specific requirements shall apply whether listed below or not. This includes all necessary layout, supervision, tools, and equipment to complete the scope of work. It is the responsibility of the security vendor to provide a complete security system in accordance with the plans and specifications or make notification if additional equipment is required to do so other than shown.
  - c. Provide all cybersecurity requirements as outlined in the specifications. Including owner training, information transmission, & closeout.
  - d. Programming and integration of the new video surveillance system hardware to the existing Lenel system.
  - e. Camera licenses.
  - f. Video management and storage is provided by the owner.
  - g. The electrician is responsible for all raceways including sleeves through walls, conduit, and cable tray.
  - h. Electrician is responsible for pull strings unless there are no raceways scheduled.
  - i. Security contractor responsible for providing any loose cabling support, j-hooks, etc.
  - j. Furnish & install cameras as identified in the contract documents, including but not limited to the following. Refer to Telecom Schedules TE7.1

- k. Integrate duress buttons mounted under workstations to security system as identified in the contract documents.
- l. This Trade Package is responsible for furnishing and installing items listed in Door Hardware Specifications 08 71 00 that state "By Division 28". Including integrating into security system.
- m. Two-Way Emergency Radio is by the Electrical Trade Package.
- n. All Access Control Power Supplies to be provided and installed by Access Control Trade Contractor.
- o. 28-01 Trade responsible for all Door Details, Coordination, and Installation on sheet TE6.2. Noted conduit is by 26-01 Electrical. All cabling is by 28-01.
- p. Doors to be factory prepared with internal raceways for Security Cabling. 28-01 responsible for installing and terminating cable.
- q. Responsible for all cabling for the Elevators Security Systems. Included testing and commissioning.
- r. Responsible for integration cabling for the Fire Alarm Systems. Included testing and commissioning.
- s. Responsible for integration cabling for the Automated Gates and Doors. Included testing and commissioning.
- t. Responsible for alarm system and motion detectors.
- u. Door sounders are part of 28-01.
- v. Licenses are part of 28-01.
- w. Video appliances are part of 28-01.
- x. All programming, testing, and commissioning are included in 28-01.
- y. Provide and install all grounding equipment and requirements.

## Trade Package 8-03: Door, Frames & Hardware Installation

| Specification Section: | Description:                                       |
|------------------------|----------------------------------------------------|
| Division 00            | Procurement, Contracting, and Bidding Requirements |
| Division 01            | General Requirements                               |
| Division 06            | Woods, Plastics, and Composites                    |
| Division 08            | Openings                                           |
| Division 09            | Finishes                                           |
| Division 28            | Electronic Safety and Security                     |

**Quantity Check:** On section #9 of the bid form please list total anticipated quantities for the following in the quantity check section:

- Total number of hollow metal frames = \_\_\_\_\_
- Total number of hollow metal doors = \_\_\_\_\_
- Total number of wood doors = \_\_\_\_\_
- Manpower Count = \_\_\_\_\_
- Installation Duration in Weeks = \_\_\_\_\_

**Schedule:** Coordinate with Project Manager

**The following is a highlight of the scope of work associated and to be included in this bid package:**

### 1. General Door & Hardware Installation Items:

1. Fully review Bid Package 08-02 Trade Package. Installation of doors and hardware provided in Trade Package 8-02. Frames will be installed by another Trade Contractor.
2. Hardware Coordination (Reference Hardware Set in Specification Section 08 7100 Hardware Schedule):
  - a. Hardware indicated as an item in Specification Section 087100 shall be provided by 8-02 Trade Package.
    - i. Install shall be as follows:

1. Glass & Glazing Trade Contractor to prepare doors and frames as well as install this hardware in aluminum doors/frames.
2. Door & Hardware Installation Trade Contractor to install all hardware in wood doors and hollow metal doors and frames.
  - ii. Aluminum door hardware to be installed by Glass & Glazing Contractor.
- b. Hardware indicated as an Access Control and/or related items in Specification Section 087400 & 281306 shall be provided and installed by the Access Control Trade Contractor.
  - i. Glass & Glazing Trade Contractor to prepare doors and frames as well coordinate installation of aluminum framing with Access Control Trade Contractors to ensure opportunity for cable routing.
  - ii. HM Frame & Door Supply Trade Contractor to prepare wood doors and hollow metal doors and frames for this hardware.
  - iii. Hollow Metal Door & Frame Install Trade Contractor to coordinate installation with Access Control Trade Contractors to ensure opportunity for cable routing.
  - iv. Electrical Trade Contractor to provide power and terminations to all power supplies.
  - v. Access Control Trade Contractor to turn over hardware associated with aluminum doors to Glass & Glazing Trade Contractor for door prep. Hardware will be inventoried and accepted at time of turnover. After turnover accepting Trade Contractor shall be responsible for replacing any missing and/or unaccounted for hardware items.
- c. Hardware indicated as an item by the Aluminum Door Supplier shall be provided and installed by the Glass & Glazing Trade Contractor.
- d. All types of door locks shall be provided with temporary construction cores from the party responsible for the lock.
- e. Door & Hardware Installation Trade Contractor shall receive inventory and verify quantity and types of hardware stored at CM's designated location prior to installation. Trade Contractor shall notify CM of any discrepancies. Hardware installation contractor to manage and maintain control of door hardware until installation is completed on doors. The installation contractor is responsible for replacing lost or stolen doors and/or hardware.

2. Job Specific Door & Hardware Items:

- a. Project is Tax Exempt.
- b. Allow for multiple mobilizations as required to complete the scope of work.
- c. Trade partner shall provide adequate manpower to manage and staff the project as indicated in project schedule.
- d. Install hollow metal doors and hardware – Installation Only. Material is by others.
- e. Install ICC rated hollow metal doors and hardware – Installation Only. Material is by others.
- f. Install Wood Doors – Installation Only. Material is by others.

- g. Provide all regular door hardware and ICC rated hardware – as required by the plans and specifications.
- h. Doors and frames to be prepped, reinforced, and fabricated to receive specified door hardware.
- i. This trade package includes ADA hardware as specified in the plans and specifications
- j. Detention doors, frames, hardware, & related materials are by Trade Package 8-05 and are not to be included in this Trade Package.
- k. Overhead Coiling Doors and related materials are by Trade Package 8-04 and are not to be included in this Trade Package.
- l. Frames to be installed by Mason or Drywall Trade Partner. Coordinate with other Trade Partners are required.

## Trade Package 08-04: Overhead Coiling Doors

| Specification Section: | Description:                    |
|------------------------|---------------------------------|
| Division 00            | Contract & Bidding Documents    |
| Division 01            | General Requirements            |
| Division 08            | Openings                        |
| 08 33 00               | Tornado Resistant Coiling Doors |
| 28 13 06               | Access Control and Alarm System |

**Quantity Check:** On section #9 of the bid form please list total anticipated quantities for the following in the quantity check section:

- Overhead Coiling Door count per each type and size = \_\_\_\_\_
- Material delivery to site in weeks from approval = \_\_\_\_\_
- Manpower Count = \_\_\_\_\_
- Installation Duration in Weeks = \_\_\_\_\_

**Schedule:** Coordinate with Project Manager

**The following is a highlight of the scope of work associated and to be included in this bid package:**

1. General Coiling Door and Sectional Door Items:
  - a. All items per plans and specifications and as listed in General Trade Package.
  - b. Furnish and install all materials, equipment, and accessories as shown or specified in the Contract Documents for a complete installation of the items listed in above table.
  - c. Provide shop drawings, submittals, and samples for all items in above table as indicated in Construction Documents.
  - d. Verify and coordinate final keying of the project per the Contract Documents.
2. Job Specific Overhead Coiling Door and Sectional Door Items:
  - a. This project is tax exempt.
  - b. Allow for multiple mobilizations as required to complete the scope of work.
  - c. Provide and Install coiling doors per plans and specifications.
  - d. Doors should receive electronic operator with controls per plans and specifications.
  - e. Include low voltage wiring from operator motor to controls.
  - f. Include final terminations into power provided by others at motor.
  - g. Include guides, limits and all required angle jambs and supports.
  - h. Hardware indicated as an Access Control and/or related items in Specification Section 087400 & 281306 shall be provided and installed by the Access Control Trade Contractor.

- i. Responsible for any structural mounting or support for the Overhead Doors.

## Trade Package 08-05: Detention Door, Frames, Hardware, & Equipment

| Specification Section: | Description:                   |
|------------------------|--------------------------------|
| Division 00            | Contract & Bidding Documents   |
| Division 01            | General Requirements           |
| Division 07            | Firestopping                   |
| 07 92 00               | Joint Sealants                 |
| 08 34 63               | Detention Doors & Frames       |
| 08 71 63               | Detention Door Hardware        |
| 11 19 16               | Detention Gun Lockers          |
| 11 93 00               | Detention Equipment            |
| 12 55 00               | Detention Furniture            |
| Division 28            | Electronic Safety and Security |

**Quantity Check:** On section #9 of the bid form please list total anticipated quantities for the following in the quantity check section:

- Quantity of Detention Doors and Hardware = \_\_\_\_\_
- Quantity of Gun Lockers = \_\_\_\_\_
- Quantity of DAPs = \_\_\_\_\_ What is this?
- SF of Detention Ceiling Systems = \_\_\_\_\_
- Material delivery to site in weeks from approval = \_\_\_\_\_
- Manpower Count = \_\_\_\_\_
- Installation Duration in Weeks = \_\_\_\_\_

These quantities are for reference only. Trade contractor is responsible for the actual quantities, not anticipated.

**Schedule:** Coordinate with Project Manager

### Alternates:

Alternate 01: Provide price deduction to have Mason install door frames.

Alternate 02: Provide and install Detention Plumbing Fixtures.

The following is a highlight of the scope of work associated and to be included in this bid package but not limited to:

1. All items listed in General Trade Package.

# LINGO

2. This bid package shall include the cost of providing all labor, material, equipment, supervision, services, insurance, fees, permits, overhead and profit, etc. necessary or incidentally required for the Detention Doors, Frames, Hardware, & Equipment including work from referenced specifications and normally associated with this trade, whether referenced or not.
3. Furnish and install all materials, equipment, and accessories as shown or specified in the Contract Documents for a complete installation of the items listed in above table. This includes the Detention doors, frames, associated door hardware, and equipment.
4. Provide shop drawings, submittals, and samples for all items in above table as indicated in Construction Documents.
5. This project is tax exempt.
6. Submittals and deliveries to be broken out and separated by:
  - Exterior
  - Interior
7. Allow for multiple mobilizations as required to complete the scope of work.
8. Glazing in doors to be provided by Glazing trade contractor. Provide glazing molding/stops as required for door assembly.
9. Glazing at interview windows to be provided by Glazing trade contractor. Provide glazing molding/stops as required for window assembly. DHM Frame is by this trade package.
10. Coordinate with related trade partners as required.
11. Grouting of Detention Hollow Metal Door Frames by this Trade.
12. Provide and install Detention Metal Ceiling Panel Systems.
13. Provide stainless counter and supports at all Non-Contact interview rooms. See 41/A2.9, room 3052, section detail 53/A11.11.
14. Responsible for integration with Fire Alarm and Security Systems. Included testing and commissioning.
15. Provide and install all Modular Metal Detention Wall Panel Systems.
16. Provide and install all 125500 Detention Furniture.
17. Provide and install Detention Grade Stools. Both floor and wall mounted.
18. Provide and install Detention Toilet Accessories, A2.8, A2.9.
19. Provide and install Detention Paper Towel Dispensers.
20. Provide and install Detention Soap Dispensers.
21. Provide and install Detention Grade Grab Bars.
22. Provide and Install Frameless Detention Mirrors.
23. Provide and install Pistol Lockers.
24. Provide and install Detention Access Panels, A8.6.
25. PLC Electronic Detention Monitoring and Control Systems.
